

TABLE OF CONTENTS

<u>Section</u>	<u>Page</u>
I. INTRODUCTION	1
II. BACKGROUND	3
SR 315 Ramp Design and Construction Schedule	3
Implications Associated with the Interchange Justification Study	3
III. TRAFFIC IMPACT ANALYSIS	4
Existing Conditions	4
Future SR 315 Ramp Conditions	7
Limitations of Existing Roadway Network	14
IV. DETERMINATION OF ALTERNATIVE MITIGATION MEASURES	15
Increasing Traffic Capacity	15
Decreasing (or Diverting) Traffic Demand	22
Capacity Analysis of Mitigation Measures	28
Pedestrian Control Across Cannon Drive	29
Pedestrian Control Across 12 th Avenue	30
Drop-Off Areas	39
Crosswalk Modifications	41
Additional Issues to Consider	46
V. SUMMARY RECOMMENDATIONS	47
Recommendations	47
Identified Improvement Cost	48
Next Steps for the University	49

TABLES AND FIGURES
