

## End of Year Report

### 2008-2009 Academic Calendar

#### School Community Partnership Committee

The partnership committee met last year and the following is a summary of the major items that were discussed and/or voted on by the committee:

- 1) Recommendation that the following changes be made to the Charge of the committee:
  - a) Add the word “formal” in the first sentence of the document... commitment to building meaningful *formal* professional partnerships”
  - b) Delete the word “informal” in the second sentence of the document... “review committee for formal (and informal – delete) agreements between the College...”
  - c) Change the number of faculty members from 3 to 5 members word

\*These recommendations were taken to College Council and the Council indicated that a review of the entire document was to take place and the above changes would be part of the overall changes of the document

- 2) Discussion during the meetings regarding the process and criteria for creating partnerships resulted in the creation of two documents that were approved by the faculty and will be posted on the College of Education website under the link for School Community Partnerships.
- 3) One possible partnership with Blanton Elementary was discussed with further discussion to continue during fall semester.

The above items were the major items discussed during the 2008-2009 academic calendar. This report was prepared by Kim Stoddard, Chair of the Committee during spring semester, 2009.
