

CENTER FOR CIVIC ENGAGEMENT
UNIVERSITY OF SOUTH FLORIDA • ST. PETERSBURG

Community Partners and Service Learning Placement Directory

The mission of the Center for Civic Engagement (CCE) is to make USF St. Petersburg distinctive in its commitment to civic and community engagement through the development of the "Citizen Scholar" program. The objective of the "citizen scholar" model is to combine academic instruction with implementation of concepts learned in the classroom into the local community. The "local community" is broadly defined to include business, educational, and social service agencies as well as the local "laboratories" faculty use to further their research agendas. We envision that these types of experiential and service learning opportunities will become a feature in every academic program at USFSP.

Position(s) recruiting: Internship Volunteer

Major(s): All Majors

How many student intern/volunteer positions are you looking to fill? How many hours?

We are looking to fill 7 full time AmeriCorps positions for next year, along with as many part-time volunteers we can get for this school year.

What skills or qualifications are you looking for in your volunteers/interns?

We look for flexibility and patience. Experience working with children helps, but is not necessary. Education majors are a plus, and can receive observation hours in our classrooms, but that is also not necessary to volunteer. For our full time AmeriCorps teaching volunteers, we require a Bachelor's degree in any major.

What would students be doing at your organization?

Students that come to volunteer will be serving in a variety of ways. We need help serving breakfast and lunch, monitoring lunch on Fridays, assisting in classrooms, assisting with extra curricular activities, and tutoring during study hall. We also have positions open for mentors.

What major events do you have coming up for which you would need student volunteers?

On October 4th we have our annual fundraiser at Tradewinds on St. Pete Beach. We will need plenty of volunteers to help with setting up, decorating, and breaking down the event. Also, in March, we participate in the Transitions Optical PGA Golf Tournament. We need volunteers to assist with the kids who serve as caddies and standard bearers for the PGA professionals.

How many student intern/volunteer positions are you looking to fill? How many hours?

We can use as many students and as many hours as they can give us. As for the volunteer hours and the days to work, we are flexible. We are willing to work with the student to accommodate to his/her schedule.

What skills or qualifications are you looking for in your volunteers/interns?

A willingness of spirit to serve the community and to help Daystar provide the basic necessities of life. We have many different ongoing programs. These programs afford the student exposure and experience in many of the disciplines at USF. (i.e. business, social work, accounting, grant writing, etc.) In addition, the volunteer experience will help them develop and enhance many important life skills they will need for life after college.

What would students be doing at your organization?

We have many different ongoing programs which provide us with a need to fill a variety of jobs. We would tailor the jobs to the individual student's interest.

All Majors *Anyone is welcome to volunteer with us. We are more than willing to work with professors to figure out how a student can incorporate a class' objective with spending time with our residents.*

How many student intern/volunteer positions are you looking to fill? How many hours?

We always welcome anyone interested in spending time with our residents.

What skills or qualifications are you looking for in your volunteers/interns?

Volunteers must be self-starters, motivated, willing to try new things, interested in forming new relationships, excited about spending time with our residents and they must WANT to be here.

What would students be doing at your organization?

Students could be doing a variety of activities ranging from arts and crafts, adopt a friend, wheelchair walks, coffee carts, monthly community birthday parties, spontaneous activities, book talks, etc. If a student needs to fulfill a requirement, we are happy to work with faculty to see how we can help achieve a particular goal.

Are you seeking to partner with a faculty member to incorporate your organization into a class?

We are very open to that.

If so, what kind of class?

Any major or class that is interested in our community is welcome. Some suggestions include classes on aging or stages of development, psych courses, education, sociology, history, etc. There are many ways to incorporate lessons and objectives with spending time in our community. We have other communities in our organization that work closely with surrounding universities. Sometimes the students are assigned to keep journals addressing certain questions such as how they saw the elderly population before/during/after their time, challenges facing that populations, differences in generations, etc.

What major events do you have coming up for which you would need student volunteers?

We always have events around the holidays.
