

Rules and Information for Participation in the “Keep Pinellas Beautiful” Project

RULES

1. All participants, including groups (see #4 below), must officially commit to the project by 9/12/07. Send Dr. Smith an email indicating your commitment, with a list of members if you part of a group, to: smithrb@stpt.usf.edu. However, you do not have to wait until then to start making at least unofficial contact with companies.
2. You must officially contact, verified using the Contact form (see Information below), at least 10 companies to receive the full 7 percentage points on your final grade.
3. You may approach any company in the Tampa Bay region, including those with which you have any affiliation.
4. You may work in groups, although any prize money or earned extra credit points will be divided among members of the group and points will be prorated for each member. For instance, if you have a group of 3 and you end up contacting 15 verified companies (not all of whom necessarily have to agree to the KPB program), each member of the group will get credit for 5 companies, which is half of the minimum requirement for full credit, and thus earn 4 (rounding 3.5 to the nearest whole number) extra credit points for the final grade.
5. To fulfill the contact requirement, the Contact form must have:
 - a) name of company
 - b) name of company representative that was contacted
 - c) the representative's phone number
 - d) the representative's signature

If a company agrees to abide by the “Clean and Green” program, you should still have the company representative fill out a Contact form in addition to requesting that the company fill out the “Clean and Green” application (see #6).

6. To fulfill the requirement for having a company agree to the KPB program, the company must submit a "Clean and Green" application to KPB by Nov 29th (last day of the project).
7. October 23rd, Midpoint Update: turn in all completed (i.e. signed) Contact forms at class time.

INFORMATION

1. Web site for KPB:
<http://s106960635.onlinehome.us/kpb/mainhome.asp>
2. Contact form can be downloaded from:
3. "Clean and Green" application can be downloaded from:
4. Important Dates:
 - a. **October 23rd**: A midpoint update in which you will turn in all signed Contact forms.
 - b. **November 29th**: Final day of project. All remaining Contact forms should be turned in, and applications that have been submitted to KPB will be counted.
 - c. **December 6th**: Recognition of all participants and announcement of the two prize winners.
