Leadership Update

SACS Accreditation – The campus did well. Accreditation should pass.

Graduate admissions are being done on this campus as of April 1st

This is the 3rd year Tampa is rejected building funds. Building funds for our campus' Science and Technology building is awaiting approval from the House and Senate. This building will be located in the Davis parking lot (per the 5 year plan).

May 3rd at 8:30 is the groundbreaking for the parking garage.

May 9th all staff will receive a form for the job reclassification project. Please do your best to fill it out. Do not refer to your job description. Refer to what you actually do.

The Library will be celebrating its 40th anniversary. Plans are still in the works.

Strategic committee will start soon. If interested, send an email to [David Brodosi](#).

Probation rule has been sent to Administration for approval. Send feedback concerning this rule change to Karen White no later than April 30th.

There will be no reclass/rewriting of positions until the reclassification project is complete (approx. Sept.)

Committee/Department Update

Academic Affairs – They purchased RX25 scheduling software. This should make classroom planning much easier.
