Instructions For Undergraduate Students
Requesting an Updated Term of Entry

1. You may request a change in your term of entry for any term that begins within one calendar year of your originally requested term of entry. For example, if you applied for admission for the Fall Semester (August) 2011, you can request a change to the Spring Semester (January) 2012, the Summer Semester (May) 2012 or the Fall Semester (August) 2012. (Some degree programs do not admit new students every term. See the program description in the USF St. Petersburg Catalog for your requested program.)

2. A request to change your term of entry must be made in writing on this form to the USF St. Petersburg Office of Admissions & Outreach.

3. If you do not update within one calendar year from your originally requested term of entry, you must submit a new application for admission with the appropriate fee. Application for admission can be found on our website at http://usfsp.edu/apply.

4. If you originally applied and were admitted as a first time in college freshman, and you paid the $200 admission deposit, please be aware that the deposit is non-refundable and is not transferable to a later term of entry. If updated and admitted as a freshman, you must pay the $200 admission deposit for your new term of entry.

5. The written request or completed form must include:
   a. Your full legal name, University ID number and change of address (if any).
   b. The new term of entry desired.
   c. A summary of any additional credit not included on your application that you will have earned prior to enrollment at USFSP, including date(s) of attendance, institution(s) attended, degree(s) awarded and new test scores, if any. Transcripts of any additional credit attempted and official test scores sent from the testing agency must substantiate your eligibility for admission. (If you will have earned an A.A. degree prior to your new term of entry, your final transcript must reflect the awarding of the A.A. degree and the transcript should not be sent until the degree statement is posted.)
   d. If you are a former degree-seeking student, and have attended another institution since leaving USFSP, we must receive your transcript(s) before a decision on re-admission can be made.

6. If admissions requirements have changed since the term of your original application, you must meet the criteria in effect for the new term of entry requested.

7. If you signed as a non-Florida resident for tuition purposes on your original application but have now met the requirements for Florida residency, please submit a new Residency Affidavit with supporting documentation. The Residency Affidavit may be obtained from the Office of Admissions & Outreach or by visiting http://usfsp.edu/admissions/documents/residency.pdf.

8. If there is any change in your response to the conduct questions on your original application, you must submit an explanation in writing with this form. You may be required to submit additional information depending on your response to the conduct questions.
