Failure to enroll in the term for which you are readmitted results in cancellation of readmission.

1. Academic Renewal I (ARI) is implemented when a former USF system degree-seeking student who is academically dismissed from a USF system institution subsequently earns an Associate in Arts (A.A.) degree from a Florida public community or state college, or a bachelor’s degree from an accredited institution.

2. The student will retain hours earned prior to readmission with the A.A., but the USF and transfer GPA will be reset to 0.00.

3. Students are required to complete an additional 30 credits, with a GPA of at least 2.0, at USF following re-admission in order to graduate.

4. The student may not be eligible to pursue some limited access majors.

5. It is the student’s responsibility to apply for readmission through the USFSP Office of Admissions & Outreach with an official transcript documenting the Florida public A.A. or bachelor’s degree.

6. A request for re-admission under ARI will not be processed without a transcript.

7. If you do not enroll in the term for which you are admitted you must reapply for any future term.

All grades earned in the student’s academic history will be used in the calculation of GPA for the purpose of Graduation with Honors from any USF system institution. Academic Renewal will only be applied to a student’s academic record one time within the USF system.

We have met to discuss the options under Academic Renewal I and agree that the above named student should be granted Academic Renewal I.
