From the Chief of Police

I want to thank you for taking time to review our Annual Security and Fire Safety Report, which contains valuable information regarding campus safety, policies and procedures, and the value of our mutual partnership in maintaining the safety of the campus community.

The University of South Florida St. Petersburg Department (UPD) is a fully accredited state law enforcement agency that provides a wide array of policing and safety services to the entire campus community. However, we are most effective when we work together, so your partnership is absolutely essential in recognizing and immediately reporting any suspicious or criminal activity.

I encourage you to visit the UPD website for additional information including our emergency notification system, weather safety and preparedness, and armed intruder preparedness. In addition, the UPD website connects you to helpful resources, such as the Wellness Center, our Students of Concern Assistance Team (SOCAT), and various safety education programs.

In compliance with the Jeanne Clery Disclosure of Campus Security Police and Crime Statistics Act, a copy of this Annual Security Report is available to you online at usfsp.edu/university-police-department/annual-security-fire-safety-reports or in a hard copy format in the lobby of the University Police Department located at 530 3rd Street South. This report includes crime statistics for the previous three years concerning crimes that occurred on campus; in certain off-campus buildings on property owned or controlled by the University of South Florida St. Petersburg; and on public property within, or immediately adjacent to and accessible from the campus.

It is our hope that our students, staff, and faculty will continue to take advantage of the resources we have made available to the campus community. You may contact UPD at (727) 873-4444 or police@usfsp.edu.

Please feel free to contact UPD should you need any assistance.

Sincerely,

Chief David Hendry
University Police Department
University of South Florida St. Petersburg

APPENDICES A–K ....................................................................................................... 45-100
INTRODUCTION

Choosing a postsecondary institution is a major decision for students and their families. Along with academic, financial and geographic considerations, the issue of campus safety is a vital concern. In 1990, Congress enacted the Crime Awareness and Campus Security Act of 1990 (Title II of Public law 101-542), which amended the Higher Education Act of 1965 (HEA). This act required all postsecondary institutions participating in HEA’s Title IV student financial assistance programs to disclose campus crime statistics and security information. This act was amended in 1992, 1998, and 2000. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security and Policy and Campus Crime Statistics Act in memory of a student who was slain in her dorm room in 1986. It is generally referred to as the Clery Act.

In 2008, the Higher Education Opportunity Act or HEOA (Public Law 110-35) reauthorized, amended, and expanded the Higher Education of 1965. HEOA amended the requirements of the Clery Act and created additional safety and security-related requirements for educational institutions such as ours.

In 1994, the Violence Against Women Act of 1994 (or VAWA) (Public Law 103-322) was the first major federal law to help government agencies and victim advocates work together to fight domestic violence, sexual assault, and other types of violence against women. The VAWA created new punishments for certain crimes and started programs to prevent violence and help victims. The reauthorization of the VAWA in 2013 amended the Clery Act to afford additional rights to campus victims of sexual assault, dating violence, domestic violence, and stalking. These amendments to the Clery Act went into effect July 1, 2015.

Compliance with these federal laws is not a once-a-year event. Many requirements must be satisfied before an institution can be considered in full compliance. Some requirements are ongoing, such as crime information collecting, campus alerts and crime log updating, while other requirements are less frequent, such as this report and the online survey our institution submits to the U.S. Department of Education by October 1st each year.
Campus Law Enforcement

The University of South Florida St. Petersburg Police Department (UPD) is comprised of law enforcement officers of the state and have the right to arrest, in accordance with the laws of this state, on campus or within 1,000 feet of any property controlled by the university. The UPD also has mutual aid agreements or memorandums of understanding with the surrounding law enforcement agencies within Pinellas County, including the St. Petersburg Police Department and the Pinellas County Sheriff’s Office.

These agreements request the voluntary assistance of others in matters of routine law enforcement that do or may cross jurisdictional lines, including but not limited to, the continuation of investigations; the development of intelligence; the collection of evidence of past, present or future criminal activity; or apprehension of persons suspected of criminal activity.

Crime Statistics Preparation and Annual Reporting

Each institution within the USF System has a police department responsible for submitting semi-annual Uniform Crime Report (UCR) data to the Florida Department of Law Enforcement (FDLE) for locations under their jurisdiction. See APPENDIX A for a map of UPD’s jurisdiction for USF St. Petersburg. The FDLE forwards this information to the Federal Bureau of Investigation (FBI) for publication in the FBI’s UCR.

In addition to this reporting, each institution’s police department, through their Clery Coordinator, reports a subset of these crimes as required under the Clery Act and VAWA. These Clery-VAWA crimes and incidents are reported by the institution’s Clery Coordinator by October 1st each year to the U.S. Department of Education and they are included in this annual security report. Each institution’s police department has a Clery Coordinator specially trained in classifying and compiling annual crime statistics under Clery and VAWA. Below is contact information for our Clery Coordinator:

USF St. Petersburg Clery Coordinator
Chief David Hendry
USFSP Police Department
140 7th Avenue South, FPF 105 | St. Petersburg, FL 33701
(727) 873-4444 | Fax: (727) 873-4122 | police@usfsp.edu
davidhendry@usfsp.edu | usfsp.edu/police

Clery Coordinators receive reports of crimes and incidents from students, employees, the community, Campus Security Authorities (CSAs), and external law enforcement agencies.

Annual Crime Statistics Compilation

Clery Coordinators are responsible for determining on behalf of our institution whether or not the information being reported to them constitutes a Clery-VAWA crime or incident. This determination is based on the information available to them at the time their determination is made; and the specialized training they have received for classifying Clery-VAWA crimes or incidents. When a Clery-VAWA crime or incident and, said crime or incident occurs on our Clery geography, then it is included in our annual crime statistics. The Clery Act does not require crimes to be reported anonymously. It prohibits personally identifiable information from being included in our institution’s disclosure of crime statistics. Crime reports made to our Clery Coordinators or our CSAs may include personally identifiable information to aid in investigating the report. However, the Clery Coordinator omits this information from the annual security report and the web-based data collection. Likewise, the Clery Coordinator does not identify the victim or the person accused of committing the crime when disclosing the number of reported crimes as part of our annual crime statistics.

Daily Crime Log

UPD maintains a Daily Crime Log of all incidents reported to them. This log provides the following information regarding criminal incidents and alleged criminal incidents reported to UPD:
• Date the crime was reported,
• Date and time the crime occurred,
• General location of the crime; and,
• Current disposition of the Complaint, if known.

An entry, addition to an entry, or a change in the disposition of a complaint are recorded within two business days of the reporting of the information to UPD. The only exceptions to this rule are if disclosure on the log is 1) prohibited by law or 2) would jeopardize the confidentiality of the victim. A business day is Monday through Friday, except for days when the institution is closed (e.g. weekends, holidays, or during other campus closures).

The crime log for the most recent 60-day period is available for public inspection in the lobby of UPD free of charge during normal business hours. Anyone has access to our crime log, whether or not they are associated with USF Tampa, including the media. Any portion of the Daily Crime Log older than 60 days is also available for public inspection upon request. Logs are archived for seven years or as required under State of Florida law, whichever period is greater in accordance with USF System Policy 5-012: Records Retention and Disposition, available online here: regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-5-012.pdf.

**Clery-VAWA Crime or Incident**

Clery-VAWA crimes and incidents are organized into three categories: criminal offenses, hate crimes, and arrests and referrals for disciplinary action. These include the following:

**Criminal Offenses**

We report the following criminal offenses as part of our annual crime statistics under the Clery Act and VAWA:

- Murder and Non-negligent Manslaughter
- Negligent Manslaughter
- Sex Offenses (Rape, Fondling, Incest, or Statutory Rape)
- Dating Violence
- Domestic Violence
- Stalking
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Arson

**Hate Crimes**

We report hate crimes for all of the above-listed criminal offenses as well as the following additional criminal offenses as part of our annual crime statistics under Clery and VAWA:

- Larceny-Theft
- Simple Assault
- Intimidation
- Destruction/Damage/Vandalism of Property

A **hate crime** is a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. **Bias** is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation, or ethnicity/national origin. Although there are many possible categories of bias, Clery and VAWA limit these categories for the purpose of annual crime statistics reporting to the following: race, gender, religion, sexual orientation, ethnicity, national origin, and disability.

**Arrests and Disciplinary Referrals for Violation of Weapons, Drug and Liquor Laws**

We report the number of arrests and number of persons referred for disciplinary action for the below-listed violations of law as part of our annual crime statistics under the Clery Act and VAWA:

- Weapons Law Violations;
- Drug Abuse Law Violations; and
- Liquor Law Violations.

Definitions of these crimes and incidents under the Clery Act, VAWA, State of Florida law, and the FBI’s UCR, are provided in APPENDIX B.

**Clery Geography**

Each institution within the USF System discloses statistics for reported Clery-VAWA crimes that occur in the following locations:

- **On-Campus**
- **On-Campus Residential** (a subset of On-Campus)
- **Non-Campus buildings or property** that our institution owns or controls
- **Public Property** within or immediately adjacent to the campus

The definitions for these geographic categories are Clery Act-specific and are the same for every institution within the USF System regardless of its physical size or configuration. These definitions are provided in APPENDIX B. A map of the Clery Geography for USF St. Petersburg is provided in APPENDIX C.

**Campus Security Authorities**

“Campus Security Authority” is a Clery-specific term that encompasses four groups of individuals and organizations associated with our institution who must report Clery-VAWA crimes and incidents to our institution’s Clery Coordinator. These groups of individuals and organizations include the following:

1) A **campus police department or a campus security department of an institution**, e.g., University Police.

2) Any **individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department, e.g., an individual who is responsible for monitoring the entrance into institutional property. This includes individuals who provide security at a campus parking kiosk, monitor access into a

*If a reported Clery Crime is investigated by law enforcement authorities and found to be false or baseless, the crime is “unfounded” and is not included in our institution’s above crime statistics. Only sworn commissioned law enforcement personnel may “unfounded” a crime pursuant to the U.S. Department of Education, of Office of Postsecondary Education, The Handbook for Campus Safety and Security Reporting, 2016 Edition, Washington, DC, 2016, pgs. 3-51.
campus facility, or act as event security or escort students around campus after dark.

3) Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.

4) An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An “official” in this context is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

Examples of individuals who meet the criteria for being Campus Security Authorities include, but are not limited to, the following:

- A dean of students who oversees student housing, a student center, or student extracurricular activities.
- A director of athletics, a team coach, or a faculty advisor to a student group.
- A student resident advisor or assistant or a student who monitors access to dormitories.
- A coordinator of Greek affairs.

Examples of individuals who would not meet the criteria for being Campus Security Authorities include, but are not limited to, the following:

- A faculty member who does not have any responsibility for student and campus activity beyond the classroom.
- Clerical or cafeteria staff.

Exemption for Pastoral and Professional Counselors

There are two types of individuals who, although they have significant responsibility for student and campus activities, are not considered Campus Security Authorities under the Clery Act.

- **Pastoral counselor**: A person who is associated with a religious order or denomination, is recognized by the religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

- **Professional counselor**: A person who official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

The pastoral or professional counselor exemption is intended to ensure that these individuals can provide appropriate counseling services without an obligation to report crimes they may have learned about. This is similar to the privilege provided under certain circumstances to doctors, counselors, and attorneys when they may learn of crimes from patients or clients. This exemption is intended to protect the counselor-client role. However, even these legally-recognized privileges acknowledge some exemptions, and there may be situations in which counselors are in fact under a legal obligation to report a crime.

What Campus Security Authorities Do

The function of a Campus Security Authority (CSA) is to report to our institution’s Clery Coordinator allegations of Clery-VAWA crimes and incidents on our Clery Geography that he or she concludes were made in good faith. Obviously, in the event of an emergency, Campus Security Authorities should contact 9-1-1 first.

What Campus Security Authorities Should NOT Do

CSAs are not responsible for determining authoritatively whether a crime took place — that is the function of law enforcement personnel. CSAs should not try to apprehend the alleged perpetrator of the crime. That, too, is the responsibility of law enforcement. It’s also not a CSA’s responsibility to try to convince a victim to contact law enforcement if the victim chooses not to do so.

CSAs play a vital role in the timely and accurate reporting of certain crimes and incidents for each separately-accredited institution within the USF System. To access more information about what might make you a CSA, training resources, and more CSA-centric information, consult the following webpage dedicated to USF System resources:

usf.edu/police/your-safety/campus-security-authority.aspx
How to Report Crimes or Other Emergencies on Campus

All members of the USF System community are encouraged to promptly report known or suspected crimes to UPD or the external law enforcement agency with jurisdiction. Any emergency involving a threat to life or property should be immediately reported by calling 9-1-1. All campus phones may be used to dial 9-1-1 at no charge. The caller should stay on the line until the dispatcher terminates the call. Do not hang up. The UPD responds to all emergency situations involving our campus, regardless of whether the situation requires police, fire, or medical assistance.

We have Emergency Blue Light Phones located throughout campus, which are equipped with location indicators. Consult APPENDIX D for a map of emergency blue light phone locations on the USF St. Petersburg Campus.

In response to reports of criminal activity, potential emergencies, or dangerous situations on campus, UPD will take the required action by either dispatching an officer or asking the caller to report to UPD headquarters to file an incident report. Incidents should be reported even when the victim of a crime elects to or is unable (physically/mentally) to make such a report. The UPD investigators will investigate a report when it is deemed appropriate. Reporting incidents to UPD is important to facilitate timely determination of the existence of a significant emergency or dangerous situation and assess for timely warning notices to aid in the prevention of similar crimes. It also allows criminal offense information to be appropriately included in our annual disclosure of crime statistics.

All other police business (crimes not in progress, suspicious persons, questions, etc.) may be directed to UPD at (727) 873-4444 or by visiting their main office located at 530 3rd Street South, FPF 105, St. Petersburg, FL 33701.

Mandatory Reporters of Clery-VAWA Crimes or Incidents

All members of the USF System are strongly encouraged to report crimes to the police. Certain USF System employees are required to report Clery-VAWA crimes and incidents to their institution’s Clery Coordinator because, under the Clery Act and VAWA, they are Campus Security Authorities (CSAs). Employees who are not sure whether or not they are a CSA should contact their institution’s Clery Coordinator. Their contact information is provided above. It can also be accessed online at: usf.edu/police/documents/clery-reporting-form.pdf.

Reports of Clery crimes and incidents to the Clery Coordinator do not need to contain names of those involved; only a description of the situation and location of the incident. If you are unsure of which form to use or which Clery Coordinator to contact, just report it on the form you have. Our Clery Coordinators will sort it out. The important thing to remember is to report a Clery-VAWA crime or incident to the Clery Coordinator as soon as possible.

MoBull Messenger

MoBull Messenger is part of the USF System’s Emergency Notification System (ENS). It was established to notify our community in the event of a campus emergency. It allows USF System students and employees to receive emergency updates via text message. All official USF emergency notifications are sent out through MoBull. USF strongly recommends all USF System students and employees subscribe to this important service.

To register for MoBull or to update your contact information, follow these instructions:

1. Login to the NetID Account Services website via netid.usf.edu/una/ using your NetID.
2. Click Update Emergency Notification Settings
3. Follow instructions to opt in, provide mobile phone number, and select campus locations for alerts.
4. Click Submit.

Silent Witness: Anonymous Crime Reporting

To anonymously report a crime tip, members of the USFSP campus community can utilize the Silent Witness Reporting process, which can be accessed online at usfsp.edu/police/silentwitness.

Protecting the Confidentiality of Victims

The USF System will protect the confidentiality of victims and other necessary parties, including how our institution will complete publicly available recordkeeping and, for the purposes of the Clery Act reporting and disclosure, without the inclusion of identifying information about the victim pursuant to the Clery Act under VAWA, and other applicable federal and State of Florida laws.

The USF System will maintain as confidential any accommodation or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of our institution to provide the accommodations or protective measures.
**Prohibition on Retaliation**

The USF System encourages an atmosphere of open dialogue and expression, including the promotion of good faith filing of a grievance, complaint, or report by employees and students of violations of law, rule, regulation, policy, or other misconduct.

In support of an environment of open communication within the USF System community, the USF System will not tolerate retaliation, retribution, or reprisals against an employee or student who submitted such a good faith filing. Employees and students who learn of retaliation should report it immediately. For more information, consult USF System Policy 0-020: *Retaliation, Retribution or Reprisals Prohibited*, available online at regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-0-020.pdf.

**What Happens to Employees or Students Who Violate Our Retaliation Policy?**

Employees who engage in retaliation in violation of USF System Policy 0-020 will be subject to disciplinary action up to dismissal from employment. Students who engage in retaliation in violation of USF System Policy 0-020 will be referred to the Office of Student Rights and Responsibilities for potential adjudication under the Student Code of Conduct process.

**How to Report Retaliation**

An employee or student who believes retaliation may have been taken against them as a result of filing a grievance, complaint, or report of violations of law, rule, regulation, policy, or other misconduct, should immediately report the retaliation to their next level supervisor, if feasible. Otherwise, reports of retaliation should be made as shown in the chart below.

An appropriate, timely review and response will be provided to an employee or student who alleges retaliation, consistent with USF System policy, rules, and regulations.

1The term “accommodation” used within the context of the Clery Act and the VAWA (Clery/VAWA) is reasonably understood to mean temporary supportive services or interim measures for victims of sexual assault, dating violence, and stalking occurring within our Clery Geography. When this term is used within the context of the Americans with Disabilities Act (ADA), its meaning differs from the use of this term under Clery/VAWA. Under the ADA, this term refers to reasonable, permanent accommodations for those who have a qualifying disability under the ADA. For more information concerning ADA-related accommodations, contact Student Disability Services. More information concerning Clery/VAWA-related accommodations is provided in this report.
Timely Warnings

Our institution issues timely warnings for any Clery Act crime that occurs on our Clery Geography that is:

- Reported to Campus Security Authorities (CSAs) or local police agencies; and
- Considered by our institution to represent a serious or continuing threat to students and employees.

The intent of timely warnings is to enable members of the USF System campus community to protect themselves. Timely warnings essentially are crime awareness and prevention bulletins to the USF System community.

UPD decides to issue timely warnings on a case-by-case basis in light of all facts surrounding a crime, including factors such as:

- The nature of the crime.
- The continuing danger to the campus community.
- The possible risk of compromising law enforcement efforts.

UPD decides the content of the timely warnings. These warnings include information that promotes safety and would aid in the prevention of similar crimes including, but not limited to, information about the crime that triggered the warning.

UPD issues timely warnings to our institution-issued email accounts. All enrolled USF System students and employees are provided an active email account. UPD will also use these email accounts to issue updates to timely warnings.

Since our timely warnings are sent to institution-issued email accounts, it is imperative that all enrolled students and current employees have such an email account. For assistance with student and employee email accounts, please contact:

**USF St. Petersburg Campus Computing**
Office: BAY 226
Phone: (727) 873-4357
Web: usfsp.edu/computing

For more information concerning timely warnings policies and procedures, please consult USF Emergency Management Policy 6-010, available at the Office of General Counsel’s website: regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-6-010.pdf.

The Family Educational Rights and Privacy Act (FERPA) and the Timely Warning Requirement

The Clery Act does not require confidential reporting of crimes. Although personally identifiable information is generally precluded from disclosure, such information may be released in an emergency situation.

The Family Educational Rights and Privacy Act (FERPA), which protects student education information from disclosure, does not preclude our institution’s compliance with the timely warning provision of the Clery Act. FERPA recognizes that information can, in case of an emergency, be released without consent when needed to protect the health and safety of others. In addition, if institutions utilize information from the records of a campus law enforcement unit to issue a timely warning, FERPA is not implicated as those records are not protected by FERPA.

Security of and Access to Campus Facilities

During the day and during evening hours when classes are in session, facilities within the USF System (excluding housing facilities) are generally open to the public: students, parents, employees, contractors, guests, and invitees. Outside of these hours, all facilities are generally locked and only those who require access are admitted. UPD provides regular patrol of university buildings as well as parking lots. In the case of periods of extended closing, the institution will admit only those with appropriate authority.

The institution monitors our buildings and grounds with a concern for the safety and security of all persons and property. Inspections are routinely conducted and repairs are promptly made to ensure that appropriate safety and security standards are maintained. University Police assist Facilities Management personnel by reporting potential safety and security hazards, which include conducting campus lighting surveys and reporting outages. Students, faculty, and staff are also encouraged to call Facilities Management to report any safety or security hazards.

Facilities Management Contact Information:

Facilities Management
USF St. Petersburg
140 Seventh Avenue S
St. Petersburg, FL 33701
(727) 873-4135 or (727) 873-4444 after hours
https://www.usfsp.edu/facilities/work-request/

A representative of UPD is involved in the review of architectural plans for new facilities or major renovations to existing buildings. Specific recommendations are made to enhance the security of all facilities before contractors begin working. UPD also conducts physical security surveys of campus facilities that may be vulnerable to criminal intrusion. Specific recommendations are made regarding security hardware, alarms, or procedures that serve to reduce the opportunities for crime to occur in or around campus buildings.

Resident students are issued a key at check-in so they may have access to their living unit. Students are encouraged to safeguard keys in order to enhance their personal safety and the safety of others. An effective residence hall security system program depends upon resident cooperation, staff supervision, and UPD assistance. The best security system is one in which every member of the community takes personal responsibility for self-protection and the protection of his or her property.

Our law enforcement officers regularly patrol the residence halls and are readily available to assist on a 24-hour basis. A Resident Assistant or Night Clerk is on duty in residence hall complexes every night for security purposes. These security measures and personnel are representative of our concern for the protection of your person and property. Maintenance personnel make security inspections and corrections as needed. Students are encouraged to call the Housing Office or UPD to promptly report security deficiencies. Remember, in an emergency, always call 9-1-1.

Housing Office Contact Information:

Housing and Residence Life
USF St. Petersburg
500 2nd Street South
St. Petersburg, Florida 33701
(727) 873-5101 | housing@usfsp.edu
Programs About Campus Security Procedures

Our law enforcement officers provide safety and security training for all new students, faculty, and staff members of the university during orientation. This training introduces members of the USF System community to the various systems and practices our institutions put in place to enhance the safety and security of all community members. Information on how to respond to various kinds of potential emergency situations is reviewed with participants. Information about the importance of signing up for the MoBull emergency text message system is provided.

The UPD offers a wide variety of services to assist the USFSP campus community including evening and night time safety escorts between locations on campus. Contact the UPD at (727) 873-4444 for assistance.

Crime Prevention Programs for Students and Employees

USF St. Petersburg offers a number of programs intended to reduce the potential for personal injury and loss of property. Presentations on safety are included in incoming students and residence hall students’ orientation, and are held frequently during Fall and Spring semesters for the benefit of students, faculty, and staff.

The USF System encourages all students and employees to be involved in campus crime prevention. Information on safety and security concerns and precautions are provided to students and employees regularly through seminars, films, bulletins, crime alerts, posters, brochures, and other publications.

The UPD provides crime prevention programs each semester on the following topics:

- Date/Acquaintance Rape (for both men and women)
- Rape Aggression Defense (RAD) [Self-Defense for Women]
- Rape Aggression Defense (RAD) [Self-Defense for Men]
- Personal Safety—Reducing Your Risks
- Drinking and Driving—DUI Information
- Burglary and Theft Prevention
- Citizens’ Response to Active Shooter
- USFSP Police Department—Who We Are and What We Do
- Bike Engraving and Theft Prevention
- Cash Handling and Robbery Precautions
- Violence in the Workplace
- Alcohol Awareness

For more information on these education, prevention, and awareness programs, visit the UPD website at usfsp.edu/police.

The USFSP Wellness Center offers a variety of education, prevention, and awareness programs, including:

- QPR Suicide Prevention
- Safe Zone Ally Training
- USFSP Cares: How to Help
- Strengths Quest Training
- Awareness events and campaigns
- Workshops and presentations
- Consultations on safer sexual behavior and sexually transmitted infections
- Social media blogs on wellness and safety

For more information on these education, prevention, and awareness programs, visit the Wellness Center website at: usfsp.edu/wellness.
Alcohol and Illegal Drugs

Alcohol and Drug-Free Workplace Policy Statements

USF System Alcohol Policy prohibits the unlawful manufacture, distribution, possession, use, or sale of alcohol on the property of, or in connection with, any of the activities of the USF System. Such prohibitions are at all times subject to the applicable alcoholic beverages laws and ordinances of the State of Florida as well as those by the city of St. Petersburg and Pinellas County.

USF System Drug-Free Workplace Policy prohibits the unlawful manufacture, distribution, possession, use, or sale of controlled substances ("illegal drugs") on the property of or in connection with any of the activities of the USF System. The term "drugs" includes, but is not limited to, any narcotic drug, central nervous system stimulant, hallucinogenic drug, barbiturate, or any other substance treated as such and defined by the law. Further, the unauthorized possession or use of a regulated or controlled substance, including prescription drugs and paraphernalia used for drugs, is a violation of the USF System Drug-Free Workplace Policy as well as federal and state law.

Alcohol Standards of Conduct

The specific standards of conduct for the possession, use, and sale of alcoholic beverages by USF System students, employees, and community members include, but are not limited to, the following:

- Do not violate the underage drinking laws of the State of Florida by:
  - Possessing or consuming alcoholic beverages if you are less than twenty-one (21) years-of-age.
  - Selling, furnishing, giving, serving, or producing alcoholic beverages to any person under twenty-one (21) years-of-age.
  - Misrepresenting or misstating your age or the age of any other person for the purpose of inducing any licensor or his agents or employees to sell, give, serve, or deliver any alcoholic beverage to a person under twenty-one (21) years-of-age.
- Do not sell, or intend to sell, alcohol without a proper license issued by the State of Florida Division of Alcoholic Beverages and Tobacco.
- Do not operate a motor vehicle under the influence of alcohol.
- Do not be intoxicated in public.
- Do not conduct an open house party or any other event at which minors may possess or consume alcohol.

Sanctions for Violating Our Alcohol Policy

Any criminal violation of State of Florida alcohol laws may be cause for criminal prosecution. Criminal prosecution may include incarceration, criminal probation, fines, and court cost. All criminal prosecutions and sanctions are addressed by the Pinellas County Clerk of the Circuit Court.

Any employee or student determined to have violated USF System policy or regulation with regard to the manufacture, distribution, possession, use, or sale of alcohol shall be subject to institutional disciplinary action for misconduct. Such violations of policy by any employee or student will be reason for evaluation or treatment for an alcohol use disorder or for institutional disciplinary action up to and including termination or expulsion in accordance with applicable collective bargaining agreements and policies and procedures or referral for prosecution consistent with local and state law.

Sanctions for Violating Our Drug-Free Workplace Policy

Any criminal violation of federal or State of Florida drug laws may be cause for criminal prosecution. Criminal prosecution may include incarceration, criminal probation, fines, and court cost. All criminal prosecutions and sanctions are addressed by the Pinellas County Clerk of the Circuit Court.

Any employee or student determined to have violated USF System policy or regulation with regard to the unlawful manufacture, distribution, possession, use, or sale of controlled substances ("illegal drugs") on the property of or in connection with any of the activities of the USF System shall be subject to institutional disciplinary action for misconduct. Such violations of policy by any employee or student will be reason for evaluation or treatment for a drug use disorder or for disciplinary action up to and including termination or expulsion in accordance with applicable collective bargaining agreements, policies, and procedures, or referral for prosecution consistent with local, state, and federal law.

In order to comply with federal law, USF System employees convicted of violating any criminal drug statute occurring in the workplace must notify their dean, director, or supervisor no later than five (5) days after such conviction. The USF System will discipline any employee who is so convicted and/or require the employee’s satisfactory participation in a drug abuse assistance or rehabilitation program.
Alcohol and Drug-Free Workplace Policy Resources

Our alcohol and drug-free workplace policies, and the enforcement thereof, are codified in the below listed USF System policies and regulations:

- USF System 30-023 – Alcohol Policy: regulations.policies.usf.edu/policies-and-procedures/pdfs/policy-30-023.pdf

Illegal Drug or Alcohol Abuse Prevention Programs

The USF System is committed to the safety and well-being of the campus community. All institutions in the USF System have developed education, prevention, and treatment resources to support students and staff in making healthy and informed decisions related to alcohol and illegal drugs. Below is more information about the drug or alcohol abuse prevention and education programs available to USF System students and employees:

Prevention and Education Programs for Students

As part of the university’s alcohol education program, all incoming students are required to complete an online course called AlcoholEdu for College. This course uses science-based research to educate participants about alcohol and its effects. Whether students drink or not, the course will provide information to help them make informed decisions about alcohol as well as negotiate the drinking behavior of their peers.

Counseling for Students

The USFSP Wellness Center offers free assessment and treatment to currently registered students who may have alcohol or substance abuse problems. Students may be self-referred or referred by the Office of Student Rights and Responsibilities or other campus departments. Students who need more intensive assistance will be referred to community providers. For more information about drug and alcohol counseling services for students, visit the Wellness Center in the Student Life Center (SLC), 2nd floor, Suite 2200, in person or visit their website: usfsp.edu/wellness/self-help/alcohol-other-drug-education-prevention.

Counseling for Employees

Human Resources has partnered with Magellan Health Services to provide all USF System employees with an Employee Assistance Program (EAP). Magellan’s EAP program offers confidential alcohol and substance abuse screening, assessment, and referral to all USF System employees, in addition to other solution-focused help and resources for all types of life issues. The Magellan program is available for all USF system employees free-of-charge, 24 hours a day, seven days a week online at MagellanHealth.com/member or by calling 1-800-327-8705.

The Magellan program includes a comprehensive online resource library of articles, screening and self-assessment tools, tip sheets, calculators, resource guides, on-demand learning, and personalized improvement plans. Employees and their families have up to three counseling sessions. If an employee needs additional assistance beyond the scope of what the Magellan program provides, the employee may be referred to other resources such as their health benefits or community resources like Alcoholics Anonymous. USF System managers and supervisors can provide referrals for their employees through the Employee Assistance Program (EAP). An employee’s use of EAP services is confidential. They cannot provide information back to USF about who uses the program.

For more information about the drug and alcohol abuse services and other services provided to USF System employees through the EAP, visit the Human Resources EAP webpage at usf.edu/hr/benefits/eap.aspx.

Health Risks Associated with Alcohol Abuse and the Use of Illicit Drugs

The information below was extracted from the publication “What Works: Workplaces Without Drugs,” U.S. Department of Labor, 1991. This information is also available on our Human Resources website at https://usfweb.usf.edu/human-resources/resources/showfile/1/38.

Alcohol

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood of an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol severely alter a person’s ability to learn and remember information. Very high doses, or low doses combined with other depressants of the central nervous system, can cause respiratory depression and death. Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, may permanently damage vital organs such as the brain and liver. Mothers who drink while pregnant may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.
**Anabolic Steroids**

Anabolic steroids are powerful compounds closely related to the male sex hormone testosterone. Developed in the 1930s, steroids may be taken orally or injected. Current legitimate medical uses are limited to certain kinds of anemia, severe burns, and some types of breast cancer. When combined with a program of muscle-building exercise and diet, steroids may contribute to increases in body weight and muscular strength. Athletes have used steroids since the 1950s, hoping to enhance performance. Today, many young people use steroids to accelerate physical development. Steroid users may develop more than 70 side effects, ranging in severity from liver cancer and sterility to acne. Psychological effects include very aggressive behavior, known as “roid rage,” and depression. While some side effects appear quickly, others, such as heart attacks and strokes, may not show up for years. Signs of steroid use include quick weight and muscle gains; behavioral changes, particularly increased aggressiveness and combativeness; jaundice; purple or red spots on the body; swelling of feet or lower legs; trembling; darkening of the skin; and persistent, unpleasant breath odor.

**Cannabis**

All forms of cannabis have negative physical and mental effects. Physical effects of cannabis include increase in heart rate, bloodshot eyes, dry mouth and throat, and hunger. Smoking marijuana is damaging to the lungs and respiratory system. The tar in marijuana smoke is carcinogenic. Use of cannabis may impair short-term memory and comprehension, alter sense of time, and reduce ability to perform tasks requiring concentration and coordination, such as driving a car. Knowledge retention may be lower when information is given while a person is “high.” Motivation and cognition are altered, making the acquisition of new information difficult. Marijuana can also produce paranoia and psychosis. Long-term users may develop psychological dependence. Marijuana smoke contains more cancer-causing agents than tobacco smoke.

**Cocaine**

Cocaine stimulates the central nervous system, and long-term use can lead to psychological dependence. Its immediate effects include dilated pupils, elevated blood pressure and body temperature, and increased heart rate. Chronic use can cause ulceration of the mucous membrane in the nose. Injecting cocaine with unsterile equipment can transmit AIDS, hepatitis, and other infections. Preparation of freebase, which involves the use of highly volatile solvents, can result in fire or explosion. Crack or freebase rock, a concentrated form of cocaine, is extremely potent. Its effects are felt within 10 seconds of administration. The drug produces the same physical effects as cocaine, as well as insomnia, loss of appetite, tactile hallucination, paranoia, and seizures. Cocaine use may lead to death through disruption of the brain’s control of the heart and respiration.

**Depressants**

The effects of depressants are similar to those of alcohol in many ways. Small amounts can produce calmness and relaxed muscles, but larger doses can cause slurred speech, staggering gait, and altered perception. Very large doses can cause respiratory depression, coma, and death. The combination of depressants and alcohol can increase the effects of the drugs and multiply the risks. The use of depressants can cause both physical and psychological dependence. Regular use may result in tolerance to the drug, leading the user to increase the quantity consumed. When regular users stop taking depressant drugs, they may develop withdrawal symptoms ranging from restlessness, insomnia, and anxiety, to convulsions and death.

Babies born to women who abuse depressants during pregnancy may be physically dependent on the drugs and show withdrawal symptoms shortly after birth. These children often have birth defects and behavioral problems.

**Designer Drugs**

Illegal drugs are defined in terms of their chemical formulas. To circumvent these legal restrictions, underground chemists modify the molecular structure of certain illegal drugs to produce analogues known as “designer drugs.” These drugs can be several times stronger than the drugs they imitate. Many can cause severe neurochemical damage to the brain. The narcotic analogues can cause uncontrollable tremors, drooling, impaired speech, paralysis, and irreversible brain damage. Analogues of amphetamines and methamphetamines cause nausea, blurred vision, chills, or perspiration and faintness. Psychological effects include anxiety, depression, and paranoia. As little as one dose can cause brain damage. The analogues of phencyclidine cause illusions, hallucinations, and impaired perception.

**Hallucinogens**

Phencyclidine (PCP) interrupts the function of the neocortex, the section of the brain that controls the intellect and keeps instincts in check. Because the drug blocks pain receptors, violent PCP episodes may result in self-inflicted injuries. PCP often causes distance and space estrangement, lack of muscular coordination, and dulled senses. Time and body movement are slowed, and speech is blocked and incoherent. Chronic users or PCP report memory and speech difficulties. Some of these effects may last a year following prolonged daily use. Mood disorders such as depression, anxiety, and violent behavior also occur. Long-term chronic users may become paranoid and violent and experience hallucinations. Large doses may produce convulsions, coma, or heart and lung failure.

Lysergic acid (LSD), mescaline, and psilocybin cause illusions and hallucinations. Physical effects may include dilated pupils, elevated body temperature, increased heart rate and blood pressure, loss of appetite, sleeplessness, and tremors. Sensations and feelings may change rapidly. It is common to have a bad psychological reaction to LSD, mescaline, and psilocybin. The user may experience panic,
confusion, suspicion, and anxiety. Delayed effects, or flashbacks, can occur even after use has ceased.

**Inhalants**

A variety of psychoactive substances have been inhaled as gases or volatile liquids. Many popular commercial preparations such as paint thinners and cleaning fluids are mixtures of volatile substances, making it difficult to be specific about their various effects. Immediate negative effects of inhalants may include nausea, sneezing, coughing, nose bleeds, fatigue, lack of coordination, and loss of appetite. Solvents and aerosol sprays may also decrease the heart and respiratory rates and impair judgment. Amyl and butyl nitrate cause rapid pulse, headaches, and involuntary passing of urine and feces. Long-term use may result in hepatitis or brain damage, weight loss, fatigue, electrolyte imbalance, and muscle weakness. Repeated sniffing of concentrated vapors over time can lead to permanent damage of the nervous system.

**Narcotics**

Narcotics initially produce a feeling of euphoria followed by drowsiness, nausea, and vomiting. Users may experience constricted pupils, watery eyes, and itching. An overdose may produce slow and shallow breathing, clammy skin, convulsions, coma, and death. Tolerance to narcotics develops rapidly and dependence is likely. The use of unsterilized syringes may result in transmission of diseases such as AIDS, endocarditis, and hepatitis. Addiction in pregnant women can lead to premature, stillborn, or addicted infants.

**Other Stimulants**

Stimulants can cause increased heart and respiratory rates, elevated blood pressure, dilated pupils, and decreased appetite. User may perspire and experience headaches, blurred vision, dizziness, sleepiness, and anxiety. Extremely high doses can cause rapid or irregular heartbeat, tremors, loss of coordination, and physical collapse. An amphetamine injection creates a sudden increase in blood pressure that can result in stroke, very high fever, or heart failure. Users also report feeling restless, anxious, and moody. Persons who use large amounts of amphetamines over a long period of time can develop and amphetamine psychosis that includes hallucinations, delusions, and paranoia. These symptoms usually disappear when drug use ceases.

**Information about Registered Sex Offenders**

Under Florida Statutes, Section 1006.695, each institution within USF System is required to inform new students and employees at orientation and on its website of the existence of the Florida Department of Law Enforcement Sexual Predator and Sexual Offender Registry website and the toll-free phone number that gives access to sexual predator and sexual offender public information. This information is as follows:

- **Florida Department of Law Enforcement Florida Sexual Offenders and Predators**
  - Website: [https://offender.fdle.state.fl.us/offender/homepage.do](https://offender.fdle.state.fl.us/offender/homepage.do)
  - Toll-free number: 1-888-357-7332
  - For TTY Accessibility: 1-877-414-7234

In compliance with this law, UPD provides this information to all new students and employees during orientation. Likewise, UPD maintains this information on their website: usfsp.edu/police/crime-information/sex-offenders.

The Campus Sex Crimes Prevention Act also requires sexual predators and offenders to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student at that institution. UPD will notify the university community when a registered sexual predator or offender has registered as being on campus in accordance with Florida Statutes, Section 1005.10.

If you have any questions or concerns regarding these laws, please call the USFSP Police Department at (727) 873-4444.
Missing Student Notification Procedures

Under the Higher Education Act (HEA), USF System institutions with on-campus student housing must comply with HEA missing student notification regulations. These regulations apply only to students who reside in on-campus housing. They do not address students living in any non-campus student housing our institution might own or control. Only USF System institutions with on-campus student housing facilities must comply with these HEA regulations. In essence, the HEA requires that if a student who lives in on-campus housing is determined to have been missing for 24 hours, our institution has 24 hours after receiving this information in which to initiate specific notification procedures. This requirement does not preclude our institution from making a determination that a student is missing before the student has been missing for a full 24 hours, or from initiating notification procedures as soon as it determines that a student is missing. In other words, our institution must initiate HEA-related procedures if a student has been determined to be missing for 24 hours; however, we may act sooner.

Missing Student Policy Statement

Under the USF System Missing Student Policy, a student is presumed missing if the student is overdue in reaching home, campus, or another specific location past the student’s expected arrival for more than 24 hours, or additional factors lead a reasonable person to believe the student is missing. For the purpose of this policy, a student is any person who is currently enrolled as a full- or part-time student in the USF System. This policy applies to all missing students regardless of whether they live on or off campus. This policy is available on the Office of General Counsel’s website at regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-30-025.pdf.

How to Report a Missing Student

Any person may report a missing student; however, all USF System students and employees who receive a report that a student is missing, or has independent information that a student is missing, must immediately report the information or evidence to one of the below-listed institutional organizations. Every report of a missing student must be forwarded to the below-listed institutional organizations regardless of how long the student is believe to have been missing:

- Their institution’s designated Police Department;
- Their Dean of Students or Student Services Office*, and/or
- Their Housing and Residential Education (HRE) Office*, if the student is a resident student, meaning the student resides in on-campus student housing under a housing contract and is currently enrolled either full- or part-time as a USF System student.

*Note: Asterisked offices have a duty to immediately report to the designated Police Department.

Contact information for these organizational units at our institution is provided below:

**USFSP Police Department (UPD)**
Campus location: 140 7th Avenue South, FPF 105, St. Petersburg, FL 33701
Phone: (727) 873-4444
Email: police@usfsp.edu

**Dean of Students**
Campus location: 701 3rd Street South, PNM 101, St. Petersburg, FL 33701
Phone: (727) 873-4826
Email: jacobdiaz@mail.usf.edu

**Housing and Residence Life**
Campus location: 500 2nd Street South, St. Petersburg, FL 33701
Phone: (727) 873-5101
Email: housing@usfsp.edu

How to Designate a Missing Student Contact

All USF System students are asked to designate an Emergency Contact in OASIS/Banner, our student information system, during orientation and upon enrollment for classes. Residential students will designate a Missing Student Contact in their housing registration process. Students are advised that their Emergency Contact does not have to be the same person as their Missing Student Contact. The option to designate a Missing Student Contact is provided even if the student has already identified a general Emergency Contact.

All USF System students may update their Emergency Contact information is OASIS/Banner at any time. Students are reminded every 180 days, as part of their acceptance of the OASIS/Banner Terms of Usage, that they are responsible for regularly monitoring their Emergency Contact.

Students who move into on-campus housing, regardless of age, are advised at the time they move into housing that they may designate one individual to be their Missing Student Contact as part of their documentation to live on campus. Students living in on-campus housing may update this information at any time by completing the Missing Student Contact Information form located on the housing portal as well as updating OASIS/Banner. Step-by-step instructions for updating your Emergency Contact and Missing Person Contact in OASIS/Banner is provided in APPENDIX I.
Missing Student Contact Information Confidentiality and Information Release

Missing Student Contact information is registered confidentially in housing records if the student elected to provide such data upon application or at any time by completing the form on the housing portal. This information will only be accessible to authorized campus officials. These officials may disclose the Missing Person Contact information only to law enforcement officials and only for the purpose of a missing student investigation. By registering a contact person as their Missing Student Contact, the student is, in effect, also providing permission for law enforcement personnel to contact the identified individuals for the purpose of a missing student investigation.

To protect confidentiality, general Emergency Contact information is kept separately from Missing Student Contact information, even if the student has registered the same person for both purposes. Because HEA requires the information to be kept confidential, it has greater privacy protections than the Family Educational Rights and Privacy Act (FERPA) provides.

Missing Student Investigation Procedures

In collaboration with the Dean of Students Office and, if the missing student is an on-campus housing resident, the Office of Housing and Residential Education, all efforts will be made immediately to locate a student reported as missing to determine his or her state of health and well-being. These efforts may include, but are not limited to:

- Checking the student’s residence hall room, class schedule, friends, and ID card access;
- Locating the resident’s vehicle;
- Reviewing email contacts;
- Calling a cell phone number; and
- Contacting the Dean of Graduate or Undergraduate Studies and the Dean of the College, if applicable.

When the missing student is an off-campus student, appropriate family members and/or associates will be encouraged to make an official missing person report to the law enforcement agency with jurisdiction which will serve as the primary investigative agency.

The designated police department for the student’s institution will cooperate, aid, and assist the primary investigative agency in all ways prescribed by law.

When the missing student is an on-campus resident student, the designated police department for the student’s institution will open an official investigation and retain status as the primary investigative agency.

An on-campus resident student is any student who resides in on-campus housing under a housing contract and is currently enrolled.

On-campus housing refers to any student housing facility that is owned or controlled by the USF System, or is located on property that is owned or controlled by the USF System, and is within the reasonably contiguous geographic area that makes up USF System campuses, is considered an on-campus student housing facility.

Missing Student Notification Procedures

Missing Student Contact Notification

If the student is not located, the student’s Missing Student Contact — indicated in the OASIS/BANNER system and/or in their Housing Emergency Contact Information — will be made within 24 hours of the UPD’s receipt of the initial report. If the missing student has not designated a Missing Student Contact, then the student’s designated Emergency Contact will be contacted. When there is a discrepancy between the Emergency Contact designated in OASIS/Banner and the Missing Student Contact provided to Housing, the student’s designated Emergency contact in OASIS/Banner is first contacted. If this contact cannot be reached, then the Missing Student Contact provided to Housing is contacted. If the missing student has neither designated an Emergency Contact nor a Missing Student Contact, then the student’s parents, legal guardian, or next of kin will be contacted.

The UPD, in consultation with the Dean of Students, is responsible for determining whom to contact and when.

If the missing student is under the age of 18 years of age and is not emancipated (i.e., they are not legally independent of their parents), our institution is required to notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student. Thus, if it has been determined that such a student has been missing for 24 hours, our institution will notify both the student’s custodial parent or guardian and the student’s Missing Student Contact person, if he or she has registered one, that the student is missing.

Local Law Enforcement Notification

Once a determination has been made that any student living in on-campus student housing is missing, our institution notifies the local law enforcement agency that has jurisdiction in the area within 24 hours that the student is missing. The only exception is when it was the law enforcement agency that made the determination. This statement addresses any missing student who lives in on-campus student housing regardless of age or status, and regardless of whether he or she registers a confidential contact person.
Policies, Programs, and Procedures for Sexual Assault, Dating Violence, Domestic Violence, and Stalking

Policy Prohibitions and Definitions

The crimes of sexual assault, dating violence, domestic violence, and stalking are prohibited under USF System Policy 0-004: regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-0-004.pdf. These crimes are prohibited in all academic, educational, extracurricular, athletic, and other programs of the USF System, whether those programs take place in university facilities, at a class or training program sponsored by the university at another location, or elsewhere. Below are the definitions of these crimes and the term “consent” in the context of sexual activity as provided under Florida Statutes.

Sexual Assault is called “Sexual Battery” under Florida Statutes, is defined as follows:

The oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object without that person’s consent. Sexual battery does not include an act done for bona fide medical purpose.

Consent in the context of the above definition of sexual battery means intelligent, knowing, and voluntary consent and does not include coerced submission; it is not deemed or construed to mean the failure of the alleged victim to offer physical resistance to the offender. State of Florida statutes clarify that consent is NOT obtained in the following circumstances:

1. The victim is physically helpless to resist.
2. The offender coerces the victim to submit by threatening to use force or violence likely to cause serious personal injury on the victim, and the victim reasonably believes that the offender has the present ability to execute the threat.
3. The offender coerces the victim to submit by threatening to retaliate against the victim, or any other person, and the victim reasonably believes that the offender has the present ability to execute the threat in the future.
4. The offender, without the prior knowledge or consent of the victim, administers or has knowledge of someone else administering to the victim any narcotic, anesthetic, or other intoxicating substance that mentally or physically incapacitates the victim.
5. The victim is mentally defective, and the offender has reason to believe this or has actual knowledge of this fact.
6. The victim is physically incapacitated.
7. The offender is a law enforcement officer, correctional officer, or correctional probation officer or is an elected official or any other person in a position of control or authority in a probation, community control, controlled release, detention, custodial, or similar setting, and such officer, official, or person is acting in such a manner as to lead the victim to reasonably believe that the offender is in a position of control or authority as an agent or employee of the government.

For more information about Florida sexual battery statutes, visit leg.state.fl.us/statutes (Chapter 794).

Domestic Violence is defined under Florida Statutes as:

Any assault, aggravated assault, battery, aggravated battery, sexual assault, sexual battery, stalking, aggravated stalking, kidnapping, false imprisonment, or any criminal offense resulting in physical injury or death of one family or household member by another family or household member. “Family or household member” means spouses, former spouses, persons related by blood or marriage, persons who are presently residing together as if a family or who have resided together in the past as if a family, and persons who are parents of a child in common regardless of whether they have been married. With the exception of persons who have a child in common, the family or household members must be currently residing or have in the past resided together in the same single dwelling unit.

Dating Violence is defined under Florida statutes as:

Violence between individuals who have or have had a continuing and significant relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on the consideration of the following factors:

1) A dating relationship must have existed within the past 6 months;
2) The nature of the relationship must have been characterized by expectation of affection or sexual involvement between the parties; and
3) The frequency and type of interaction between the persons involved in the relationship must have included that the persons have been involved over time and on a continuous basis during the course of the relationship.

Stalking is defined under Florida Statutes as:

A person who willfully, maliciously, and repeatedly follows, harasses, or cyberstalks another person commits the offense of stalking.

In this context, the term “harass” means to engage in a course of conduct directed at a specific person which causes substantial emotional distress to that person and serves no legitimate purpose. Likewise, the term “cyberstalk” means to engage in a course of conduct to communication, or to cause to be
communicated, words, images, or language by or through the use of electronic mail or electronic communication, directed at a specific person, causing substantial emotional distress to that person and serving no legitimate purpose.

Prevention and Awareness Trainings and Campaigns

Primary Prevention and Awareness Training
All new students are required to complete online prevention and awareness training for sexual assault, dating violence, domestic violence, and stalking (“VAWA” training). In addition first time in college students, transfer students, resident assistants (RAs), international and INTO students, and graduate and teaching assistants receive in-person VAWA training as part of their orientation. New faculty, new employees, and several departments across campus receive live, in-person VAWA training. Beginning in Fall semester 2015, we also provided an overview of Title IX and the Clery Act to all participants in new employee orientation.

College Choices Program
The USFSP Wellness Center provides the College Choices Program that includes bystander intervention training for incoming first year orientation students.

A similar program is provided to new faculty and staff which is designed specifically for this population as part of the training developed to meet VAWA requirements.

Consent Campaign
The consent campaign, aimed at our students and employees, included informational flyers and trainings on the definition and importance of consent to the USF System.

USF St. Petersburg provides the below-listed additional ongoing prevention and awareness campaigns. These are open to faculty staff, and students.

- It’s on Us campaign (a week-long event containing panel discussions, poster presentations, social media campaign, and video production)
- Screening and discussion of the film The Hunting Ground
- The Red Flag Campaign for Sexual Assault Awareness Month
- The Clothesline Project for Domestic Violence Awareness Month

Key Topics Covered in Prevention and Awareness Trainings and Campaigns
The USF System’s prevention and awareness trainings and campaign programs address the below listed key topics as required under the VAWA amendments to the Clery Act for our students and employees:

1. The USF System’s policies prohibiting the crimes of sexual assault, dating violence, domestic violence, and stalking.
2. The definitions of consent (in reference to sexual activity), dating violence, domestic violence, sexual assault, and stalking per Florida statutes.
3. Safe and positive options for bystander intervention.
4. Information on risk reduction to recognize warning signs of abusive behavior and how to minimize risk for potentially violent situations.
5. Information on possible sanctions or protective measures that the USF System may impose following a final determination of an institutional disciplinary procedure regarding rape, acquaintance rape, sexual assault, dating violence, domestic violence, or stalking.
6. Procedures victims should follow is a sex offense, sexual assault, dating violence, domestic violence, or stalking has occurred.
7. Procedures for institutional disciplinary action in cases of alleged sexual assault, dating violence, domestic violence, or stalking.
8. Information about how the institution will protect the confidentiality of victims.
9. Written notification of students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, and other services available for victims both on campus and in the community.
10. Written notification of victims about options for, and available assistance in, changing academic, living, transportation, and working situations, if so requested by the victim and if such accommodations are reasonably available, regardless of whether the victim chooses to report the crime to UPD or local law enforcement.

More information on all these key topics is provided in this and subsequent sections of this report.

Safe and Positive Options for Bystander Intervention

Bystander Intervention Steps
The five steps of bystander intervention (adapted from Darley & Latane) are provided below and are incorporated into our prevention and awareness trainings and campaign:

Step 1: Notice a situation—pay attention to your surroundings.
Step 2: Interpret the situation as someone is in danger or there is a potential for danger. Many situations are ambiguous. It’s okay if you’re wrong and it’s not an emergency.
Step 3: Assume responsibility to help. Decide that YOU personally should do something to help the victim or that, if you don’t help, no one will.
Step 4: Know how to help. Try Bystander Intervention Techniques. (We give you some examples below.)
Step 5: Decide to safely intervene.

Bystander Intervention Techniques

Our prevention and awareness trainings and campaigns discuss and provide examples of bystander intervention techniques, such as:

- Distract
  - Ask for directions
  - Spill a drink
  - Engage them in conversation
  - Women: Invite the female to go to the restroom with you; once there, ask if she needs help

- Delegate
  - Involve others if you don’t feel safe intervening alone
    - Ask friends to help you distract or confront
    - Find the person-at-risk’s friends and tell them you are concerned about the safety of their friend

- Direct
  - Directly confront the situation (think about how you would directly stop someone from driving drunk)
    - “I don’t like how you treat your girlfriend [or wife]—it’s abusive and needs to stop.” Offer to help find an intervention program.
    - “I’m getting her friends to take her home now.”

Risk Reduction

The following warning signs are given in the form of a flyer to all students in Freshman English classes and all new faculty and staff participating in Violence Against Women Act (VAWA) training. In addition, classroom presentations and special workshops are held throughout the year in which risk reduction is discussed and the warning signs flyer is distributed. An additional risk reduction flyer is also widely distributed; key concepts are provided below.

Warning Signs of an Abuser

- Intensity: “Too much, too soon”
  - Pushes for a quick relationship—wants to move in together or marry soon after meeting
  - “Sweeps you off your feet”—expensive gifts; constant messaging and calling; wants to be with you all the time
  - Uses conversation that is inappropriately intimate

- Power and Control:
  - Jealousy (It is not a sign of love but of possession)
  - Demands your undivided attention; even at inappropriate times
  - Doesn’t want you to spend time with your friends or family
  - Invades your personal space—sits or stands uncomfortably close, touches you constantly or in ways that make you uncomfortable
  - Refuses to take responsibility for his own behavior or mistakes—blames you and/or others when something goes wrong

- Wants to be in control and make all decisions

- Sexual Entitlement:
  - Sexualizes non-sexual situations and relationships, e.g., in the workplace
  - Makes inappropriate comments about people’s bodies or sexuality
  - Pushes you to have sex when you don’t want to; makes you feel guilty when you refuse sex
  - Wants you to have sex in a way that makes you uncomfortable or is painful
  - “Playful” use of force during sex
  - Believes in male superiority over women; believes in rigid sex roles

- Anger and Hostility:
  - Becomes angry easily and quickly
  - Does not tolerate frustration or disappointment well
  - Teases animals, children, or other adults in a mean or physical way and doesn’t stop when asked; may be cruel to animals
  - Yells, calls you names, or belittles you
  - Looks at you or acts in ways that intimidate you
  - Gets into physical fights with other people
  - Drives in a dangerously aggressive way

Risk Reduction Tips

1. Consent is necessary regardless of sex, gender identity, or sexual orientation of the parties involved.
2. Know your sexual intentions and limits. You have the right to say “No” to any unwanted sexual act. If you are uncertain about what you want, ask the other person to respect your need to wait until you are sure.
3. Listen carefully. Take the time to hear what the other person is saying. If you don’t understand whether consent has been given, ask for clarification.
4. Believe in your gut feelings. If you feel uncomfortable or think you may be at risk, leave the situation immediately.
5. It is okay to “make a scene” if you feel threatened or unsafe. Being assertive and calling attention to what is happening is a highly successful self-defense technique. If you feel you are being pressured or coerced into sexual activity you don’t want, state your feelings (“I don’t like that you are pressuring me”) and get out of the situation. Preventing rape is worth a few moments of social awkwardness or embarrassment.
6. Be aware that having sex with someone who is mentally or physically incapable of giving consent is rape (called “sexual battery” in Florida). Having sex with someone who is incapacitated, drugged, passed out, incapable of saying “No,” or unaware of what is happening is rape.
7. Be especially careful under these circumstances:
   a. In group situations: Be prepared to resist pressure from friends to participate in violence against or violation of another person.
b. In situations involving the use of alcohol or drugs: Substances can interfere with your ability to assess situations, to communicate effectively, and to protect yourself.

8. Get involved and take action if you believe someone is at risk. If you see someone in trouble at a party, or a person forcing or pressuring another person, intervene. You may save someone from being prosecuted for a crime.

Procedures Victims Should Follow

The Center for Victim Advocacy and the Title IX Coordinator have created a one-page, two-sided flyer to provide victims of sexual assault, dating violence, domestic violence, and stalking (the “VAWA Flyer”) with written information about the following:

1. The importance of preserving evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order.
2. How and to whom the alleged offense should be reported.
3. Options about the involvement of law enforcement and campus authorities, including the victims options to:
   a. Notify law enforcement authorities, including on-campus and local police;
   b. Be assisted by campus authorities in notifying law enforcement authorities, if the victim chooses; or
   c. Decline to notify law enforcement authorities.
4. The rights of victims and our institution’s responsibility for orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court or by the institution.
5. Existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services available for victims, both within the USF System and in the community.
6. Options for and available assistance in, changing academic, living, transportation, and work situations (“protective measures”).
7. Students’ or employees’ rights and options in the event of these crimes.

When a student or employee reports to the institution that they have been a victim of sexual assault, dating violence, domestic violence, or stalking, whether the offense occurred on or off campus, the institution will provide the student or employee the VAWA flyer and the Victim’s Guide, as a written explanation of the student’s or employee’s rights and options.

An example of the VAWA flyer used for our institution during this reporting period is provided in APPENDIX E. In addition, the Center for Victim Advocacy has developed a Guide for Victims of Sexual Assault & Harassment; Domestic, Relationship, & Dating Violence; and Stalking to provide more in-depth details about the above topics as well as those listed below. This guide is provided in its entirety in APPENDIX F.

Victim Resources: Confidential, Non-Confidential, On-Campus and Off-Campus

The USF System provides written communication to its students and employees about existing on-campus and off-campus counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services, both confidential and non-confidential, available for victims of sexual assault, sexual assault, dating violence, domestic violence, and stalking, and other crimes via the following:

- Annual Security & Fire Safety Report
- VAWA Trainings (online and live) for students and employees
- VAWA Crimes Victim Flyer (see APPENDIX E)
- Victim’s Guide (see APPENDIX F)
- Employee Assistance Program

The above list is not exhaustive. For more information about the confidential and non-confidential resources located on campus and off campus for victims of sexual assault, dating violence, domestic violence, and stalking, contact the confidential Victims Advocate (24/7) at (727) 873-4422.
Institutional Disciplinary Action for Sexual Assault, Dating Violence, Domestic Violence, and Stalking

Institutional Proceedings: The Fundamentals

When a USF System student, employee, or vendor is accused of sexual assault, dating violence, domestic violence, or stalking, the USF System may initiate institutional disciplinary proceedings based on the circumstance of the allegation. The type of institutional disciplinary proceeding initiated depends on the identity of the accused individual (the “Respondent”) as follows:

- When the Respondent is a student, the incident is referred to the Office of Student Rights and Responsibilities (OSRR) for addressing in accordance with the Student Code of Conduct via the OSRR process.
- When the Respondent is an employee or vendor, the incident is referred to the Office of Diversity, Inclusion, and Equal Opportunity (DIEO) for addressing in accordance with Title VII via the DIEO process.
- When the Respondent is both an employee/vendor and a student, the OSRR and DIEO offices will work together to ensure the incident is reviewed by the appropriate process.
- When the Respondent’s status as an employee, student, or vendor is not clear, the OSRR and DIEO offices will work together to ensure the incident is reviewed by the appropriate process.

In addition to our OSRR and DIEO proceedings and processes, a federal civil rights law called Title IX is implicated when sexual assault, dating violence, domestic violence, or gender-based stalking involves our students, employees, visitors, vendors, or other persons participating in our educational programs or activities. Title IX prohibits discrimination based on sex (gender discrimination) in any federally-funded education program or activity. The crimes of sexual assault, dating violence, domestic violence, and gender-based stalking fall under Title IX because these forms of sexual violence are types of sexual harassment, which is itself a form of gender discrimination. The USF System has a team of Title IX professionals who receive Title IX complaints and work to investigate such allegations of sexual harassment in a prompt, fair, and reasonable manner.

The chart on the next page summarizes the overlapping reporting and investigatory responsibilities of our institutional disciplinary processes; their relationships in terms of information sharing; and how they relate to criminal proceedings.

Our OSRR, DIEO, and Title IX proceedings share common characteristics with respect to the following: standard of evidence used; required training for proceedings officials; rights to an advisor; written information provided to Respondents and Complainants; and the sanctions that our institution can impose on employees and students found responsible for violating USF System policy. These commonalities are discussed in greater detail below.

Standard of Evidence Used

The OSRR, DIEO, and Title IX proceedings, processes, and their associated investigations are conducted in a prompt, fair, and impartial manner using the preponderance of the evidence standard. This standard of evidence is used during any OSRR, DIEO, and Title IX institutional disciplinary proceedings including, but not limited to, any arising from an allegation of sexual assault, dating violence, domestic violence, or stalking. This standard of evidence differs from the criminal justice system’s standard of evidence of beyond reasonable doubt. OSRR, DIEO, and Title IX investigations, proceedings, and processes occur independent of any criminal investigation or prosecution.

Training for Proceedings’ Officials

The OSRR, DIEO, and Title IX processes and their associated investigations are performed by individuals who receive annual training on how to perform these proceedings in accordance with federal law, state law, and USF System policy and regulations. Any DIEO, OSRR, and Title IX proceedings involving allegations of sexual assault, dating violence, domestic violence, and stalking are conducted by officials who at a minimum receive annual training on the issues specifically related to these crimes and on how to conduct an investigation and hearing process in a manner that protects the safety of victims and promotes accountability. More details about our institution’s OSRR, DIEO, and Title IX processes are provided in the below sections.

Right to an Advisor

The Complainant and the Respondent have the same rights to have others present during any institutional disciplinary proceeding (OSRR, DIEO, or Title IX), including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The USF System restricts the extent to which an advisor may participate in our institutional proceedings (OSRR, DIEO, or Title IX), as listed below. These restrictions apply equally to both the Respondent’s and Complainant’s chosen advisor.

- USF System employees who have a potential conflict of interest are not permitted to serve as an advisor.
- During meetings and proceedings, the advisor may speak with the Complainant or Respondent, but may not speak for them, act as attorney, nor otherwise participate in the institutional disciplinary process or proceeding.
Advisors may be present to advise but shall not speak for or present the case for the Complainant or Respondent, or otherwise participate directly in the proceeding.

It is the responsibility of the Complainant or Respondent to make appropriate arrangements for travel, costs, and attendance for their advisor.

Proceedings are not delayed due to scheduling conflicts of the chosen advisor.

Written Information Provided to Complainants and Respondents

The DIEO Intake Coordinator, the OSRR Official, or Title IX Official receiving the allegation will provide victims of sexual assault, dating violence, domestic violence, or stalking with written information about the following:

- The importance of preserving evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order.
- How and to whom the alleged offense should be reported.
- The victim’s options to—
  1. Notify proper law enforcement authorities, including on-campus and local police;
  2. Be assisted by campus authorities in notifying law enforcement authorities if the victim so chooses; and
  3. Decline to notify such authorities.
- Their rights to and the institution’s responsibilities for orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by criminal, civil, or tribal court or by the institution;
- How the institution will complete publicly available record-keeping and, for purposes of Clery Act reporting and disclosure, without the inclusion of identifying information about the victim;
- Maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures;
- Information on existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services available for victims, both within the institution and in the community; and
- Option for, and available assistance in, changing academic, living, transportation, and working situations.

Typically, this is accomplished by providing the victim with a copy of the VAWA Flyer, which contains Title IX information specific to their institution, and the Victim’s Guide, along with a discussion of these documents when possible. These documents are provided in this report as APPENDICES E and F. In addition, our
Title IX Office issues a guide regarding sexual harassment under Title IX. An example of this Title IX guide is provided in this report as APPENDIX G. Current versions of these resources are housed and maintained on the webpages of the Title IX Office as follows:

Potential Employee Sanctions

Sanctions may be imposed on employees found to have violated USF System policies and regulations via DIEO/Title IX institutional proceedings and processes. The results of the DIEO and Title IX proceedings are provided to Human Resources and the Office of the General Counsel, who implement sanctions as warranted. This is done in accordance with the following provisions of USF System Policy 0-004 which states, “The designated office [DIEO or Title IX] will review such complaints and provide appropriate response including counseling, mediation (in limited circumstances), and/or referral for disciplinary action, up to and including termination from employment and/or expulsion from the USF System.”

The following USF System regulations address disciplinary actions our institution may impose on employees found to have violated USF System regulations and policies:

- USF System Regulation 10.212: Discipline, Misconduct, and Incompetence (Staff)—available on the Office of the General Counsel’s website at regulationspolicies.usf.edu/regulations/pdfs/regulation-usf10.212.pdf.
- USF System Regulation 10.112: Discipline, Misconduct, and Incompetence (Faculty)—available on the Office of the General Counsel’s website at regulationspolicies.usf.edu/regulations/pdfs/regulation-usf10.112.pdf.

Employee disciplinary actions are governed by Employee Relations in DHR pursuant to HR Procedure—USF Progressive Steps for Disciplinary Action, available on the DHR website at usf.edu/hr/pdfs/employee-relations/progressive-steps-disciplinary-action.pdf.

Potential sanctions for employees found responsible via our institutional proceedings for engaging in sexual assault, dating violence, domestic violence, or stalking are limited to the following disciplinary actions:

- Suspension
- Dismissal

Potential Student Sanctions

The Student Code of Conduct lists sanctions which may be imposed by our institution on a student or a student organization found to have violated USF System regulations and policies. For a complete list of these sanctions, consult the Student Code of Conduct regulation (regulationspolicies.usf.edu/regulations/pdfs/regulation-usf6.0021.pdf). Not all of the sanctions provided in the Student Code of Conduct are appropriate for all cases. For example, possible sanctions for an allegation of sexual assault, dating violence, domestic violence, or stalking are not limited to, but more than likely include, the following:

- Restriction—Conditions imposed on a student that specifically dictate and limit future presence on campus and participation in University activities. The restrictions involved will be clearly identified and may include, but are not limited to, a University order forbidding the Charged Student from all contact with the Complainant. Restrictions may also apply to denial of operating a motorized vehicle (including golf carts) on campus, access and use of USF System services, and presence in certain buildings or locations on campus.
- Restitution—A payment for injury or damage.
- Financial Aid Impacts—A restriction on or revocation of financial aid where appropriate, pursuant to law or NCAA policy.
- Deferred Suspension—Suspension imposed at a definite future date or time.
- Suspension—Termination of a student’s privilege to attend the University for a specified period of time. This may include a restrictive order that would exclude the person from campus. In cases where the student resides on campus, the student will be given reasonable time to vacate the residence halls (i.e., 24 to 48 hours).
- Expulsion—Permanent termination of a student’s privilege to attend the USF System. This may include a restrictive order that would exclude the person from campus. In cases where the student resides on campus, the student will be given reasonable time to vacate the residence halls (i.e., 24 to 48 hours).
- Other Appropriate Sanctions—such as mandated community service, educational program (payment of associated fees), and written assignments.

The above sanctioning guide is to give the range of sanctions that would “most likely be given” if a person was to be found responsible for a single instance of the violation. It is not a maximum and minimum guide. It is a guide based on recent cases from the past two years. It does not take into account multiple violations during a single incident.

While our institutional proceedings share the above common characteristics (e.g., standard of evidence used; required training for proceedings’ officials; rights to an advisor, etc.), there are differences in our OSRR, DIEO, and Title IX proceedings due to nuances.
Incidents involving students accused of violating institutional policies and regulations.

The Office for Student Rights & Responsibilities (OSRR) supports the mission, goals, values, and vision of the USF System by promoting a community that values individual responsibility and the adherence to community standards as embodied in the Student Code of Conduct. The OSRR implements and oversees the Student Code of Conduct and its associated processes and proceedings as codified in USF System Regulation 6.0021, available online at regulations.usf.edu/regulations/pdfs/regulation-usf6.0021.pdf.

Students or student organizations commissioning, aiding, abetting, attempting, or inciting any offense outlined in the Student Code of Conduct may be subject to OSRR institutional disciplinary proceedings and actions via the student code of conduct process. The steps, anticipated timelines, and the decision-making process for when a student is accused of sexual assault, dating violence, domestic violence, or stalking are the same as for any other offense which constitutes a violation of the Student Code of Conduct.

**OSRR Proceedings and Actions**

The Office for Student Rights & Responsibilities (OSRR) supports the mission, goals, values, and vision of the USF System by promoting a community that values individual responsibility and the adherence to community standards as embodied in the Student Code of Conduct. The OSRR implements and oversees the Student Code of Conduct and its associated processes and proceedings as codified in USF System Regulation 6.0021, available online at regulations.usf.edu/regulations/pdfs/regulation-usf6.0021.pdf.

Students or student organizations commissioning, aiding, abetting, attempting, or inciting any offense outlined in the Student Code of Conduct may be subject to OSRR institutional disciplinary proceedings and actions via the student code of conduct process. The steps, anticipated timelines, and the decision-making process for when a student is accused of sexual assault, dating violence, domestic violence, or stalking are the same as for any other offense which constitutes a violation of the Student Code of Conduct.

**Initial Intake and Review**

Upon receipt of referral of an alleged violation of the Student Code of Conduct, OSRR commences an Initial Review. The purpose of an Initial Review is to determine whether relevant evidence exists and if there is a reasonable basis for believing the Student Code of Conduct was violated. This review involves the accused student (the “Respondent”), the individual bringing forth the allegation (the “Complainant,” who may or may not be the victim of the alleged offense), and any applicable witnesses. The time to complete the Initial Review depends on the specific circumstances and the availability of parties involved in the matter; however, in cases of sexual misconduct/sexual harassment, the university is considered “on notice” once we have received written or oral communication. In the latter cases, we are compelled under Title IX to resolve the matter within a 60-day resolution period. The Title IX Office and OSRR coordinate their processes to achieve this end.

**Notification of Initial Review Results and Outcomes**

Once the Initial Review is complete, the Conduct Officer issues a Disposition Letter to the Respondent and, in cases involving sexual misconduct and sexual harassment, simultaneously sends a notice to the Complainant. This letter indicates whether or not the referral is accepted and, if the referral is accepted, the Respondent has five class days to take one of the following actions:

1. **Admit Responsibility** – This means the Respondent admits responsibility and agrees to the imposition of any sanctions detailed in the letter. At this point, the Disposition Letter becomes the final determination and official record of the matter.

2. **Request a Formal Hearing** – This means the Respondent does not accept responsibility and wishes to exercise his or her right to have a Formal Hearing.

If no response is received from the Respondent in the allotted time, the Disposition Letter becomes the final determination and official record of the matter.

**Formal Hearing**

The purpose of a formal hearing under the Student Code of Conduct process is to determine whether or not a violation of the Student Code of Conduct occurred based on the preponderance of evidence standard. Respondents electing to have a formal hearing under the Student Code of Conduct must do so in writing, designating their choice of one of two hearing types:

1. **Administrative Hearing;** or
2. **University Conduct Board Hearing**

An Administrative Hearing is conducted by a full-time USF System employee who is also a member of the University Conduct Board (UCB). UCB Hearings are conducted by students, faculty, or staff who are members of the UCB. In contrast to an Administrative Hearing, a UCB Hearing is conducted by a panel of UCB members where at least 50% of the panel is comprised of student UCB members.

**Notification of Formal Hearing Results and Outcomes**

The Complainant and Respondent are simultaneously notified of the results and outcomes of the OSRR Formal Hearing in writing, **within 10 days** of the hearing; that is, unless there are extraordinary circumstances that delay such notice. OSRR Hearing results and outcomes communicated in this manner include the following:

- The results of the OSRR Hearing
- The procedures for the Complainant and the Respondent to appeal the results of that Hearing
- Any change to the results of an OSRR Hearing
- The date the results of the OSRR proceedings become final.

**Right to Appeal**

The Complainant and the Respondent in cases involving sexual misconduct and sexual harassment have equal rights to appeal the decision of the Formal Hearing in writing within five class days of the date of the letter describing the decision. The appeal must be written to the Dean of Students or, if the matter occurred at USFSP or USFSM, to the appropriate designee at the separately accredited institution within the USF System.
The Dean of Students or designee will review the appeal to see if it meets one of the following three categories for the appeal to be considered:

a. Due Process – To determine whether the formal hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and to present information that the Student Code was violated, and giving the charged student a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results (Due Process).

b. Sanctioning – To determine whether the sanction(s) imposed was extraordinarily disproportionate for the violation of the Student Code, which the student was found to be responsible.

c. New information – To consider new information, sufficient to alter a decision or other relevant facts not brought out in the original hearing because such information and/or facts were not known to the person appealing at the time of the original Formal Hearing. Outcomes of criminal or civil cases have no bearing in any aspect of the process, including the appeal.

If the appeal addresses one of the above three categories, the Dean may adopt, modify, or reject the decision and/or sanctions from the Formal Hearing. The record of the initial hearing may be considered on appeal as well as any new information that comes to the attention of the Dean of Students or designee. The Dean of Students or designee is authorized to contact any participants in the initial hearing for clarification. The Complainant and Respondent are entitled access to the record when appealing. The decision made by the Dean of Students will be rendered within 10 business days of receipt of the appeal, except in extraordinary cases as determined by the Dean of Students. The decision made by the Dean of Students is considered final. If the appeal is not upheld, the matter is considered final and binding upon all involved.

OSRR Process Resources

For more information about the Student Code of Conduct process, consult the following resources and offices:

- USF St. Petersburg Office of Student Rights and Responsibilities (OSRR):
  - Contact: Ms. Heather Klisanin, Associate Director
  - Address: 701 3rd Street South, PNM 103, St. Petersburg, FL 33701
  - Phone: (727) 873-5103
  - Fax: (727) 873-4358
  - Website: usfsp.edu/dos/sc

DIEO Proceedings and Actions

Incidents involving employees or vendors accused of violating institutional policies and regulations prohibiting protected category discrimination, harassment, and/or retaliation including, but not limited to, sexual harassment and sexual violence.

When a USF System employee or vendor is alleged to have committed sexual assault, dating violence, domestic violence, stalking, or any other type of discrimination specifically prohibited under Title VII, DIEO should be notified immediately. Title VII is a federal law which prohibits discrimination in employment on the basis of race, color, religion, sex, or national origin. Sexual harassment and pregnancy discrimination are also prohibited under this law as a form of sex discrimination. Students, staff, and faculty are strongly encouraged to report allegations of discrimination, harassment, and/or retaliation to the DIEO Office.

Intake and Review

DIEO is typically notified via one of the following modalities:

- **DIEO Incident Report Form**, available on the DIEO website: usf.edu/diversity/forms-policies/index.aspx
- **Title IX Incident Report Form**, available on the Title IX page of the DIEO website: usf.edu/diversity/title-ix/reporting.aspx
- EthicsPoint, the USF System’s anonymous reporting hotline: ethicspoint.com
- Emails
- Calls
- Walk-ins

Once notified by one of the above methods, the Intake Coordinator/Designee will conduct an Intake Interview with the potential Complainant regarding the Complainant’s allegation. During this meeting, the Intake Coordinator will determine jurisdiction; interview the Complainant; discuss options for addressing the allegation; and provide to the Complainant information on filing a complaint, about USF resources, and about their rights under Title VII.

- **If DIEO does NOT have jurisdiction:**
  If DIEO does not have jurisdiction, the Intake Coordinator/Designee will assist the Complainant in determining the most appropriate university administrative or academic unit to refer the Complainant for handling of the Complainant’s allegation.

- **If DIEO has jurisdiction:**
  If the Intake Coordinator/Designee determines that the DIEO Office has jurisdiction regarding the Complainant’s allegation, then the Intake Coordinator/Designee gives the Complainant an **EO Complaint Form** to complete. The Complainant has 120 calendar days from the date of the alleged incident of discrimination, harassment, and/or retaliation to file such a form with DIEO alleging protected
category discrimination, harassment, or retaliation. If the matter involves gender-based discrimination, sexual harassment, sexual misconduct, sexual violence, sexual assault, dating violence, domestic violence, or gender-based stalking, the Intake Coordinator/Designee will notify the Title IX Coordinator for addressing in accordance with our Title IX process described below.

**DIEO Investigation**

If the Complainant files a complaint via the DIEO Office, then the complaint is assigned to an Investigator who is responsible for conducting the investigation. Generally, if the Complainant does not file a complaint with the DIEO Office, then an investigation of the allegation will not take place. However, depending on the specifics of the allegation, the DIEO Office may have an obligation to proceed with an investigation, regardless of a Complainant’s wishes, in order to ensure campus safety. Complainants are not required to participate in the investigation, but if they choose not to, this may limit the university’s ability to respond to the incident.

If a Complainant requests their name or other identifying information not be used in an investigation, USF will consider their request in light of the context of its responsibility to provide a safe and nondiscriminatory environment. The confidentiality and privacy of all parties involved during the investigation process will be maintained to the fullest extent possible. However, the DIEO Office does not promise absolute confidentiality. Generally, information including the Complainant’s name may be shared with the Respondent and with university officials who have a legitimate need to know.

The Complainant or Respondent may be accompanied by one person to any interview conducted by the Intake Coordinator or Investigator. The person who accompanies either party may be an attorney or any support person (including an advocate from the USF Center for Victim Advocacy). In the DIEO Office’s investigation process, the Complainant and the Respondent are not required to be present together at any point in the process and they are not permitted to directly question each other. Both the Complainant and the Respondent have the right to identify witnesses and provide other information relevant to the investigation.

In most cases, the DIEO Office will not wait until a criminal case is resolved before proceeding with the investigation of a complaint. In cases where a police investigation has been conducted or is being conducted for sexual assaults, law enforcement may be able to provide information to the DIEO Office with the victim’s consent. USF’s fact-finding investigation may be delayed for a short period of time upon a request from law enforcement, but will be promptly resumed as soon as possible.

The DIEO Office’s goal is to resolve investigations of sexual misconduct, including sexual harassment/violence complaints within 60 days, but depending on the complexity of the case and any documented extenuating circumstances, such investigations may take longer.

**Notification of Investigation Results and Outcomes**

The DIEO Office simultaneously mails to both the Complainant and the Respondent a copy of the **Determination Letter** and the **Final Investigative Report**. These documents are mailed to the Complainant and Respondent either on the same day or within 24 hours of each other. If there is no appeal, the finding in the **Determination Letter** and the **Final Investigative Report** stands as the final result of the DIEO process.

**Right to Appeal**

The Complainant and the Respondent have equal rights to appeal the results of the DIEO Investigation. These are submitted as appeals of the Determination Letter under one or more of the following circumstances:

- Additional relevant evidence has been discovered that the appealing party was not aware of during the investigation;
- Relevant facts, presented during the investigation, were not considered; and/or
- Witnesses, with relevant information whose names were given during the investigation, were not interviewed.

The Complainant or the Respondent electing to appeal the determination must appeal in writing within 30 calendar days from the date on the **Determination Letter**. Appeals must be submitted to the Office of the President. The President or designee will review the information submitted and make an independent determination of whether or not the DIEO’s recommendations are supported. The appeal must include the reason for the appeal and be signed. The President or designee may grant a reasonable extension on a case-by-case basis upon written request by the appealing party. The standard of review used by the President or designee is whether it is more likely than not that a violation of USF System policies has occurred.

When the determination is appealed, the President or designee:

a) will review the information presented by the person appealing that meets the criteria for appellate submission;
b) will review the information gathered by the DIEO Office during the investigation;
c) may conduct or order any further investigation or discussion deemed necessary to reach a final decision on behalf of the university; and
d) makes a determination upholding or rejecting the finding in the **Determination Letter** and **Final Investigative Report**.

Once the appellate review has been completed, the President or designee will inform the Complainant, Respondent, USF President, Provost (if applicable), Office of the General Counsel, the Complainant and Respondent’s supervisor, Chair of the academic unit (if applicable), and the Dean of the College (if applicable) of his/her decision regarding the appeal. The decision made by the Office of the President is considered final.
**Title IX Proceedings and Actions**

*Incidents involving gender discrimination including, but not limited to, sexual harassment and sexual violence associated with our institutions’ educational programs or activities.*

When sexual assault, dating violence, domestic violence, or gender-based stalking involves our students, employees, visitors, vendors, or other persons participating in our educational programs or activities, a federal law called Title IX is implicated. Title IX prohibits sex (gender) discrimination in any federally-funded education program or activity. The crimes of sexual assault, dating violence, domestic violence, and gender-based stalking fall under Title IX because these forms of sexual violence are types of sexual harassment, which is itself a form of gender discrimination.

**Initial Review and Certification**

The Title IX Coordinator is typically notified via one of the following modalities:

- **Title IX Incident Report Form**, available on the Title IX page of the DIEO website at usf.edu/diversity/title-ix/reporting.aspx
- Receipt of notification of referral involving Title IX from the Office of Student Rights and Responsibilities (OSRR)
- EthicsPoint, the USF System’s anonymous reporting hotline: ethicspoint.com
- Emails

In cases where a Responsible Employee is reporting an alleged incident, the **Title IX Incident Report Form** is the accepted notification to the Title IX Coordinator as a matter of concern and may also trigger action that results in the DIEO Review and Certification as well as Intake process. A “Responsible Employee” is a USF System employee who is required under Title IX to report incidents they he/she becomes aware of which they believe may constitute sexual harassment, sexual violence, or gender discrimination. For a list of USF System employee positions that are considered “Responsible Employees” under Title IX and, therefore, must report such incidents, consult USF System Policy 0-004: Sexual Misconduct/Sexual Harassment (including Sexual Violence), regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-0-004.pdf.

Once the Title IX Office has been made aware of an allegation of sexual misconduct including sexual harassment/violence, the Complainant is contacted by the Title IX Intake Coordinator, often the Senior Deputy or Deputy Title IX Coordinator, and is offered an opportunity to speak with the Coordinator about the disclosure and possible allegation(s). During this meeting, the Intake Coordinator may provide a Title IX Information Session, determine jurisdiction, certify the allegation as falling within the purview of Title IX, and provide to the Complainant information concerning how to file a complaint, about USF resources, and about their rights under Title IX.

**Title IX Investigation**

If the Complainant files a complaint with the Title IX Office, the complaint is assigned to an Investigator for investigation. Generally, if the Complainant does not file a complaint with the Title IX Office, an investigation of the allegation will not take place. However, depending on the specifics of the allegation, the Title IX Office may have an obligation to proceed with an investigation, regardless of a Complainant’s wishes, in order to ensure campus safety. Complainants are not required to participate in the investigation, but if they choose not to, they may limit the university’s ability to respond to the incident.

If a Complainant requests their name or other identifying information not be used in an investigation, USF will consider their request in light of the context of its responsibility to provide a safe and nondiscriminatory environment. The confidentiality and privacy of all parties involved during the investigation process will be maintained to the fullest extent possible as provided under the law. However, the Title IX Office does not promise absolute confidentiality. Generally, information including the Complainant’s name may be shared with the Respondent and university officials who have a legitimate need to know.

The Title IX Office’s goal is to resolve claims of sexual misconduct, including sexual harassment/violence complaints within 60 days, but depending on the complexity of the case and any documented extenuating circumstances, which may include, but not
be limited to, scheduled university breaks or unexpected closures of the university such as those due to weather, the investigation may take longer.

In most cases, the Title IX Office will not wait until a criminal case is resolved before proceeding with the investigation of a complaint. In cases where a police investigation has been conducted or is being conducted for sexual assaults, law enforcement may be able to provide information to the Title IX Office with the victim’s consent. USF’s fact-finding investigation may be delayed for a short period of time upon a request from law enforcement, but will be promptly resumed as soon as possible.

In the DIEO Office’s investigation process, the Complainant and the Respondent are not required to be present together at any point in the process and they are not permitted to directly question each other. Both the Complainant and the Respondent have the right to identify witnesses and provide other information relevant to the investigation. The Title IX Office decides the complaint based on a preponderance of the evidence standard (whether it is more likely than not that the conduct occurred). This standard of evidence differs from the criminal justice system’s standard of beyond reasonable doubt. It is important to understand that Title IX investigations occur independently of any criminal investigation, which is the purview of the criminal justice system and not our institution.

**Notification of Investigation Results and Outcomes**

The DIEO/Title IX Official simultaneously notifies both the Complainant and the Respondent. Often, this includes offering the Complainant and the Respondent an appointment to receive and review the Final Investigative Report with a Title IX Official. It also includes sending (via email and/or USPS) both the Complainant and the Respondent a copy of the Determination Letter and the Final Investigative Report. The documents are mailed to the Complainant and Respondent either on the same day or within 24 hours of each other. The Determination Letter states that either party has thirty (30) calendar days from the receipt of the letter to appeal the determination.

**Right to Appeal**

The Complainant and the Respondent have equal rights to appeal the results of the Title IX Investigation within thirty (30) calendar days from the receipt of the Determination Letter. The appealing party sends their written appeal to the Office of the President. The Office of the President reviews the appeal and makes a determination if the appeal is substantiated or not. The individual in the Office of the President who has been designated to review the appeal will draft a written appeal decision which is then mailed, emailed, or picked up. Both parties are notified of the outcome of an appeal.

The decision made by the Office of the President is considered final. If the appeal is not upheld, the matter is considered final and binding upon all involved.

**Title IX Process Resources**

For more information about Title IX and the Title IX investigatory process, consult the following resources and offices.

  Fax: (727) 873-4358
  Website: usfsp.edu/dos

**Confidentiality and Protective Measures**

**Protecting Confidentiality**

The USF System will protect the confidentiality of victims and other necessary parties in accordance with applicable federal and State of Florida laws. Our institution completes publicly available recordkeeping and, for purposes of Clery Act reporting and disclosure, with the inclusion of identifying information about the victim. All criminal reports are redacted per Florida State Statute 119 and are reviewed by USF General Counsel prior to release to any requesting party not involved in the report.

**Range of Protective Measures**

Depending on the specifics of the incident and the victim’s wishes, the USF System can implement protective measures and other accommodations to victims of sexual assault, dating violence, domestic violence, and stalking, regardless of whether the victim is a student or employee. The USF System will maintain as confidential any such accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures; and to the extent permissible under local, state, and federal law. It is important to understand that our institution makes such accommodations if the victim requests them and if they are reasonably available,

**Title IX Process Resources**

**Confidentiality and Protective Measures**

**Protecting Confidentiality**

The USF System will protect the confidentiality of victims and other necessary parties in accordance with applicable federal and State of Florida laws. Our institution completes publicly available recordkeeping and, for purposes of Clery Act reporting and disclosure, with the inclusion of identifying information about the victim. All criminal reports are redacted per Florida State Statute 119 and are reviewed by USF General Counsel prior to release to any requesting party not involved in the report.

**Range of Protective Measures**

Depending on the specifics of the incident and the victim’s wishes, the USF System can implement protective measures and other accommodations to victims of sexual assault, dating violence, domestic violence, and stalking, regardless of whether the victim is a student or employee. The USF System will maintain as confidential any such accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures; and to the extent permissible under local, state, and federal law. It is important to understand that our institution makes such accommodations if the victim requests them and if they are reasonably available,
regardless of whether the victim chooses to report the crime to UPD or local law enforcement.

**Protective Measures for Students**

For student victims, Complainants, or witnesses relating to an incident of sexual assault, dating violence, domestic violence, or stalking, the range of interim measures to stop, prevent, and remedy sexual harassment may include, but is not limited to, the following:

- Class changes;
- On-campus housing moves;
- Academic accommodation;
- No contact, non-retaliatory order or directive for the Respondent excluding or restricting them from all or portions of campus; and/or
- The Guardian “precautionary timer” for when traveling from one area of campus to another. The timer is set as you leave a location and canceled through the app within a specified amount of time when you arrive at your destination. If the timer does not get canceled and expires, UPD will be alerted and provided with a physical location via GPS so that they may assist you. For more information about Guardian, read the Emergency Response section of this report.

Any protective measures made for student victims, Complainants, or witnesses will be designed to minimize the burden on their educational program while also ensuring that the university is mindful of the Respondent’s rights.

**Protective Measures for Employees**

For employee victims, Complainants, or witnesses relating to an incident of sexual assault, dating violence, domestic violence, and stalking, the range of interim measures to stop, prevent, and remedy sexual harassment may include, but is not limited to, the following:

- Changing the shift hours of the Respondent so they do not overlap with the Complainant’s;
- Issuing a no contact, non-retaliatory order or directive for the Respondent excluding or restricting them for all or portions of campus.
- Changing the work environment in some other manner so the Complainant and Respondent do not have any workplace interaction;
- Placing the Respondent on administrative leave with pay pending the conclusion of the investigation; and/or
- Providing the Guardian “precautionary timer” for use when traveling from one area of campus to another. The timer is set as you leave a location and canceled through the app within a specified amount of time when you arrive at your destination. If the timer does not get canceled and expires, UPD will be alerted and provided with a physical location via GPS so that they may assist you. For more information about Guardian, read the Emergency Response section of this report.

Any protective measures made for employee victims, Complainants, or witnesses will be designed to minimize the burden on their work setting while also ensuring that the university is mindful of the Respondent’s rights.

**Protective Measures for the USF System Community**

In addition to the interim measures for students and employees outlined above, the Title IX office is responsible for coordinating measures to address sexual assault, dating violence, domestic violence, and gender-based stalking across the USF System. Such measures include ongoing education and prevention training, awareness training, and the detailed and mandatory “Responsible Employee” training for all employees designated as “Responsible Employees” under the USF System Policy 0-004: Sexual Misconduct/Sexual Harassment.

**FERPA and Institutional Disciplinary Action**

Our procedures for institutional disciplinary action under the OSRR, DIEO, or Title IX processes do not constitute a violation of the Family Educational Rights and Privacy Act (20 U.S.C. 1232g).
Emergency Notification Procedures

Our institution has procedures in place to immediately initiate Emergency Notifications to the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus. “Confirmation” of a significant emergency or dangerous situation means that an institution official (or officials) has verified that a legitimate emergency or dangerous situation exists. Confirmation doesn’t necessarily mean that all of the pertinent details are known or even available at the time. “Immediate threat” means an imminent or impending threat, such as a tornado warning. Other examples of significant emergencies or dangerous situations include, but are not limited to:

- Active threat incidents
- Armed intruders
- Nearby severe chemical or hazardous waste releases.

Near-campus incidents which are confirmed to pose a significant emergency or dangerous situation to our campus community, such as those listed below, would also trigger our emergency notification procedures:

- A violent crime that constitutes an imminent threat to the campus community (including, but not limited to, homicide, sex offenses, robbery, aggravated assault, and aggravated battery); and
- Occurs within UPD jurisdiction, including the 1,000 ft. perimeter beyond our Clery-defined campus.

Our institution issues Emergency Notifications in accordance with the emergency response and evacuation procedures outlined in our Emergency Operations Plan (EOP). Each institution within the USF System has an EOP. Each EOP is written in accordance with the framework outlined in USF System Policy 6-010: Emergency Management. This policy is available on the Office of the General Counsel’s website at regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-6-010.pdf.

Each institution’s EOP contains specific policies regarding emergency response and evacuation procedures, including procedures for immediate notification of their respective campus community via Emergency Notifications. These plans require emergency notifications to be issued for confirmed significant emergencies or dangerous situations which pose an immediate threat to the health or safety of students or employees, as long as doing so would not compromise efforts to assist a victim; contain the emergency; respond to the emergency; or otherwise mitigate the emergency.

For information about the USF St. Petersburg EOP, contact Safety & Compliance at usfsp.edu/safety-and-compliance/about-safety-and-compliance.

Our institution utilizes a multi-step process to confirm and issue emergency notifications to our community as follows:

1) Confirm there is a significant emergency or dangerous situation;
2) Determine the appropriate segment or segments of the campus community to receive an emergency notification;
3) Determine the content of an emergency notification; and
4) Initiate our emergency notification system.

More information regarding the Emergency Notification System (ENS) can be found in USF System Policy 6-010: Emergency Management. This policy is available on the Office of the General Counsel’s website at regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-6-010.pdf.

Confirming Significant Emergencies or Dangerous Situations

There are multiple methods for members of the community to report an incident to university public safety officials; however, confirming whether or not a significant or dangerous situation exists is the responsibility of trained professionals in either UPD, Emergency Management, Environmental Health and Safety, or Facilities Management Operations.

For campus law enforcement issues, the UPD is responsible for confirming whether a significant emergency or dangerous situation on campus exists through information received by anonymous report; threat; or victim, witness, or officer observation.

For non-law enforcement situations, other departments may also confirm that a significant emergency exists. These departments reside in Facilities Management and include: Environmental Health and Safety (EH&S), Emergency Management (EM), or Operations. Confirmation of these hazards occurs through observation by public safety officials, witness statements, or alerts received by federal, state, or local agencies.

Determining Appropriate Segment(s) of the Campus Community to Notify

As soon as a significant emergency or dangerous situation has been confirmed, our institution will:

1) Take the safety of the campus community into account;
2) Determine what information to release about the situation; and
3) Begin the notification process.

Our institution would not immediately issue a notification for a confirmed significant emergency or dangerous situation if doing so would compromise efforts to:

- Assist a victim;
• Contain the emergency;
• Respond to the emergency; or
• Otherwise mitigate the emergency, e.g., not compromising efforts to mitigate an emergency might be agreeing to a request of local law enforcement or fire department officials.

The campus community will be notified when there is at least the potential that a very large segment of the community will be affected by a situation, or when a situation threatens the operation of the campus as a whole. If an emergency affects only a segment of the campus community, a more limited warning may be issued. For example, in the case of a hazardous release, the university may only notify individuals in the building where this occurred. There will be a continuing assessment of the situation and additional warnings will be issued as appropriate based on the available information at the time the Emergency Notification is issued.

**Determining the Content of Emergency Notifications**

Our Emergency Notification procedures require emergency notifications issued by our institution to include information that will enable members of the campus community to take actions to protect themselves, including information about the following:

- Incident type;
- Incident location;
- Instructions on what actions to take; and
- Other safety information or tips, if necessary.

**Initiating Emergency Notifications**

Upon confirmation of a significant emergency or dangerous situation occurring on campus, involving an imminent threat to the health or safety of the campus community, either the UPD or EM will initiate a MoBull message, authorized users in Information Technology, UCM, or Safety and Compliance may broadcast messages. Initiation will occur as outlined in our institution’s EOP. “Confirmation” means that a USF official (or officials) has verified that a legitimate emergency or dangerous situation exists. Confirmation does not necessarily mean that all of the pertinent details are known or even available at the time of notification.

Our emergency notification system has pre-scripted, pre-approved messages addressing a wide range of possible emergencies. These messages require only minor updates to address specifics of an incident in order to allow emergency notifications to be sent out without delay.

In most cases, the standard pre-scripted messages will be able to address emergencies from initial communication to “all-clear.” For situations that require unique messaging or communication over an extended period of time, the Media/Public Affairs Team or, if activated, the Joint Information Center (JIC), may confirm the responsibility for sending out communications using the system.

The main website for our institution will be utilized to provide situation updates and should be considered the best place for the campus community and general public to find the most thorough, accurate, and up-to-date information during an emergency.

When the emergency notification system is activated, multiple systems are activated simultaneously. In addition to text messages through MoBull Messenger, desktop computers in labs and classrooms also receive notifications through our desktop alert system. In addition, there is a siren and loud speaker system that may also be used to reach those in open air spaces or within select buildings on campus. The university uses this spectrum of notification methods to reach large numbers of constituents as quickly and efficiently as possible.

In the event a confirmed significant emergency or dangerous situation involving an imminent threat to the health or safety of the campus community occurs after normal business hours, UPD will be responsible for sending emergency text messages through the MoBull system. In the event UPD is not able to initiate a MoBull message, authorized users in Technology Services, University Communications and Marketing (UCM), and Emergency Management may broadcast messages. Such emergency notifications will include information that will enable members of the university community to take actions to protect themselves, including information about the type of incident, location, and instructions on what actions to take, and other safety information or tips.

**Organizational Units Responsible for Emergency Notification Procedures**

The chart on the next page summarizes the types of significant emergencies and dangerous situations that each of these organizational units are responsible for confirming. It is important to note that activation of our Emergency Notification System (ENS) is greatly dependent on the scale and scope of the incident; not all occurrences of the hazards identified below will require ENS activation. While multiple departments are identified on the chart, it is only necessary for one department to confirm the emergency or dangerous situation exists.

This chart also summarizes organizational units with designated individuals responsible for, or authorized to, determine the appropriate segments of the campus community to receive a notification; determine the content of the notification; and initiate the notification. This is indicated via the column headings “Determine Notification Segment,” “Determine Notification Content,” and “Initiate Notification,” respectively. Responsibility is determined based on the type of hazard (emergency or dangerous situation) facing our institution.

While multiple departments are identified on the chart, it is only necessary for one of these organizational units to initiate each identified step in the Emergency Notification process.
Disseminating Emergency Information to the Larger Community

In the event of an emergency, the USF home page (usf.edu) will display emergency information. As updates are provided, new information is posted by the appropriate responding public safety authority. The USF website is the best place to receive the most thorough, accurate, and up-to-date information during an emergency. There may be situations or emergencies which warrant communication outside our campus community. For example, our institution may use radio and/or TV alerts for the neighboring community.

Typically, when emergency messaging is pushed out by our institution, the local media immediately contact our Media/Public Affairs team for comment. This team is responsible for developing messaging based on information provided by the incident commander or the Emergency Operations Center (EOC) and communicating with the media. Depending on the nature of the emergency, a press release may be sent out and a press conference may be scheduled. For situations spanning a longer period of time, the Media/Public Affairs team will provide the media with regular updates and be responsible for responding to all media inquiries. The Media/Public Affairs team is part of University Communications and Marketing and may pull resources from other groups within that department to assist during an emergency. Depending on the nature of the emergency, JIC may be activated to provide the necessary communications resources for the event. If the JIC is activated, the Media/Public Affairs team will become part of it.

Testing Emergency Notification, Response, and Evacuation Procedures

Our institution has procedures in place to test our emergency notification, response, and evacuation procedures on at least an annual basis. Such tests may be announced or unannounced. These tests are regularly scheduled, contain drills, exercises, and follow-through activities. “Drills” are activities that test a single procedural operation, e.g., an evacuation drill. “Exercises” are tests involving coordination of efforts, e.g., a test of the coordination of first responders, including police, firefighters, and emergency medical technicians. “Follow-through activities” are designed to review the test, e.g., a survey or interview to obtain feedback from participants. Our tests are designed to assess and evaluate our emergency plans and capabilities.

More information regarding tests of our Emergency Notification System (ENS), emergency response, and emergency evacuation procedures can be found in USF System Policy 6-025: Fire and Emergency Evacuation Drills available via the Office of the General Counsel’s website at regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-6-025.pdf.

Emergency Notification System Tests

The university tests its Emergency Notification System once per semester on a scheduled basis to ensure all components are operational and that our policies and plans accurately dictate the procedures utilized. Tests of the Emergency Notification System are coordinated with Emergency Management, UPD, University Communications and Marketing, Information Technology, and appropriate university administration.

During these scheduled tests, the following emergency notification system components are activated by UPD or USF Emergency Management:

- MoBull Messenger
- Website
- Digital Displays
- Desktop Alerts
- Outdoor and Indoor Alert Systems (sirens and alert beacons)

All tests of the Emergency Notification System are announced and are communicated to the university community through the MyUSF web portal (available to all students, faculty, and staff); the Inside USF faculty and staff newsletter; and the USF calendar (publicly available).

Emergency Response Procedures Tests

Our institution tests its emergency response procedures at least annually to ensure that our institution’s plans and procedures are viable and allow our institution and partner public safety officials an opportunity to practice responding to various emergencies and dangerous situations. These tests are coordinated by Emergency Management and key departments on campus responsible for responding to or facilitating response-and-recovery operations after an incident.

Our emergency procedures tests are scheduled and contain drills and exercises. These tests follow the Homeland Security Exercise and Evaluation Program (HSEEP) guidelines.

More information about our emergency response procedures and their testing can be found on the Emergency Management website (usf.edu/em), within each USF System institutions’ EOP, and on Emergency Situation Protective Action cards within each classroom on our campus. A sample Emergency Situation Protective Action card is provided in APPENDIX H.

Emergency Evacuation Procedures Tests

In accordance with USF System Policy 6-025: Fire and Emergency Evacuation Drills, the USF System has procedures in place to ensure the safe, timely, and orderly evacuation of building occupants during an actual fire or other building emergency. Per Florida Fire Prevention Code, Florida Statute 633.0215, and the referenced USF System policy, our institution is required to test its evacuation procedures on an annual basis. However, in practice, our evacuation procedures are tested on a per semester basis for on-campus residential buildings and annually, at a minimum, for applicable non-residential buildings.

Integral components of the USF System policy and associated procedures include the following:

- Annual fire and emergency evacuation drills are required to be conducted for all USF System high hazard buildings equipped with a required fire alarm system. A “high hazard building” designation is defined as one that: contains combustible matter or flammable conditions dangerous to the safety of life or property; in which persons receive educational instruction; in which persons reside, excluding private dwellings; or, containing three or more levels.
- All fire and emergency evacuation drills are announced in practice, excluding notification of vested parties required to coordinate drill activities, e.g., Residence Life Coordinators, Resident Assistants, Facility Managers, etc., are typically notified prior to a drill.
All occupants must evacuate when alarms are sounded or when authorities initiate an evacuation order. Occupants with disabilities, who cannot independently evacuate, must evacuate to the nearest area of rescue/refuge, typically a stairwell landing.

All occupants of high hazard buildings must participate in the fire drill.

USF System Policy 6-025: Fire and Emergency Evacuation Drills requires a multi-disciplinary approach for the effective implementation and maintenance of emergency evacuation procedures for the USF System. The following organizational units are responsible for implementing and maintaining these procedures:

- Environmental Health and Safety;
- UPD;
- Facilities Management;
- College/Division Heads; and
- Facility Managers.

These units work together on the following:

- Policy maintenance, updates, and communication;
- Training (providing or receiving);
- Drill coordination activities;
- Drill evaluation; and
- Process improvement identification and implementation.

For more information about our emergency evacuation procedures, consult the Emergency Evacuation page of the EH&S website: usf.edu/ehs/programs-services/fire-safety/emergency-evacuation.aspx.

**Documenting Tests of Our Emergency Notification, Response, and Evacuation Procedures**

For each test of the emergency notification, response, and evacuation procedures conducted by our institution, the following is documented pursuant to Clery Act requirements:

- A description of the exercise (i.e., the test);
- The date the test was held;
- The time the test started and ended; and
- Whether the test was announced or unannounced.

Emergency Management (EM) is responsible for maintaining USF System records of Emergency Notification System tests and Emergency Response Procedures tests. In addition to the Clery Act documentation requirements, EM also documents the status of the systems tested and any outstanding after-action items, respectively, for these tests.

Environmental Health and Safety (EH&S) is responsible for maintaining USF System records of tests of our Emergency Evacuation Procedures. In addition to the Clery Act documentation requirements, EH&S also maintains documentation of any outstanding after-action items from testing our emergency evacuation procedures. Per USF System Policy, a Facility/Safety Liaison for each college or division is required to complete a Fire Exit Drill Evaluation form for test/drills conducted in their respective area(s). The executed form is subsequently filed in the applicable building records and a copy provided to EH&S. A copy of the Fire Exit Drill Evaluation form is located on the EH&S Fire Safety website at usf.edu/ehs/documents/firesafety-firedrillform.pdf.

**Communicating Our Emergency Response and Evacuation Procedures**

USF System Environmental Health and Safety (EH&S) and UPD provide training to USF System employees and students regarding our emergency response and evacuation procedures as part of orientation. Emergency response and evacuation information is included in the Student Handbook provided to each student at the initiation of each semester. EH&S provides fire safety training, including evacuation procedures training, based on USF System Policy 6-025: Fire and Emergency Evacuation Drills, to USF staff employees on a biennial basis as well as per request to additional USF System organizational units.

Further, EH&S provides emergency response and evacuation policy and procedures training as part of their fire safety training to application Department of Housing & Residential Education employees at the beginning of each semester. These individuals are part of the Residence Life & Education Team and, as such, are subsequently responsible for the dissemination of USF System Policy 6-025 and associated procedural information to campus residents.
Emergency Evacuation Procedures

Preparation is essential: Determine in advance the nearest exit from your work location and the route you shall follow to reach that exit in an emergency. Emergency evacuation signage is posted in buildings. Building occupants should become familiar with evacuation routes that do not require elevator access and assembly points outside of the building. Establish an alternate route to be used in the event your route is blocked or unsafe. Never assume that an alarm is a drill—treat all alarm activations as actual emergencies.

How to Evacuate During an Emergency

1) Exit the building as soon as possible via the nearest exit.
2) Do not use elevators to exit the building during an evacuation as they may become inoperable.
3) Walk, do not run. Don’t push or crowd.
4) If unable to evacuate due to disability, shelter in the area of rescue/refuge, typically a stairwell landing, and wait for assistance from emergency responders.
5) Keep noise to a minimum so you can hear emergency instructions.
6) Use handrails in stairwells; stay to the right.
7) Follow instructions from emergency personnel.
8) Move quickly away from the building to your assembly point* unless otherwise instructed.
9) If possible, go to a grassy area and keep roadways and walkways clear for emergency vehicles.
10) Do not return until notified by emergency personnel that it is safe to do so.

*Assembly Points: Emergency assembly points are areas of campus that are uphill and upwind from the hazard, away from power lines, falling debris, and other hazards where persons can assemble to be accounted for, to be provided minor first aid, receive further instructions, and obtain information. This is the first place to go until other areas and buildings on campus can be evaluated for safety and possible occupancy.

For more information on what to do during a building evacuation, visit the Environmental Health and Safety Emergency Evacuation website: usf.edu/ehs/documents/firesafety-drillprocedure.pdf.

How to Shelter in Place

During certain emergency situations—particularly chemical, biological, or radioactive material releases—some weather emergencies, or the threat of imminent danger, you may be directed to “shelter in place” rather than evacuate the building.

Depending on the type of emergency situation, directions to shelter in place may be sent using a variety of communication tools, including: siren/loudspeaker system, MoBull Messenger, and/or digital screens.

1) Stay inside the building or find a safe place.
2) If you are in a room with a door, make sure the door is closed.
3) In various campus buildings, doors may lock manually, remotely, or not at all. If applicable and time permits, lock doors.
4) If you are in a room with a window, make sure the window is closed and remain clear of the window.
5) Remain where you are until further direction from emergency personnel.

Always follow all directions provided by emergency response personnel.

Fire Alarm Procedures

The general USF System Fire and Emergency procedures are as follows:

- Immediately evacuate the building via the nearest exit when the fire alarm is activated.
- If unable to evacuate due to a disability, shelter in the area of rescue/refuge, typically a stairwell landing, and wait for assistance from drill volunteers or emergency responders.
- Instruct visitors and students to evacuate and assist them in locating the nearest exit.
- Do not use elevators to exit the building during an evacuation as they may become inoperable.
- Carry only those personal belongings that are within the immediate vicinity.
- Close doors to limit the potential spread of smoke and fire.
- Terminate all hazardous operations and power off equipment.
- Close all hazardous materials containers.
- Remain outside of the building until the building is released for re-entry.
- Do not restrict or impede the evacuation.
- Convene in the designated grassy gathering area and await instruction from emergency responders or drill volunteers.
- Avoid parking lots.
- Report the fire alarm deficiencies (e.g., trouble hearing the alarm) to facilities personnel for repair.
- Notify evacuation drill volunteers or emergency responders of persons sheltering in the areas of rescue/refuge.
- Never assume that an alarm is a “false alarm.” Treat all fire alarm activations as emergencies and evacuate the building.

More information regarding fire and emergency evacuation procedures (e.g., USF System High Hazard Buildings and USF Fire Drill Relocation Areas) can be found on these USF Environmental Health and Safety websites:

usf.edu/ehs/programs-services/fire-safety/residential-info.aspx
Annual Fire Safety Report

Institutions with on-campus student housing are required under HEA and HEOA to publish an Annual Fire Safety Report. The purpose of this report is to disclose fire safety policies and procedures related to on-campus student housing and to disclose statistics for fires that occurred in those facilities.

On-Campus Student Housing Facility Fire Safety Systems

Each on-campus housing facility has fire safety systems in place. A fire safety system is defined under HEA as:

Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire. This may include sprinkler systems or other fire extinguishing systems, fire detection devices, stand-alone smoke alarms; devices that alert one to the presence of a fire, such as horns, bells, or strobe lights; smoke-control and reduction mechanisms; and fire doors and walls that reduce the spread of a fire.

The On-Campus Student Housing Fire Safety Systems chart included in this report describes the fire safety systems for each on-campus student housing facility at our institution.

On-Campus Student Housing Facility Fire Drills

Our institution is required under HEA to disclose the number of fire drills held for our on-campus housing facilities for the past three calendar years. A fire drill is defined under HEA as “a supervised practice of a mandatory evacuation of a building for a fire.” Our fire drills are performed in accordance with USF System Policy 6-025: Fire and Emergency Evacuation Drills, available on the Office of the General Counsel’s website at regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-6-025.pdf. This policy establishes the requirements by which our evacuation drills are conducted to ensure the safe, timely, and orderly evacuation of building occupants during an actual fire or other building emergency. The intent of this policy is to comply with fire regulations requiring annual fire and emergency evacuation drills.

The On-Campus Student Housing Facility Fire Statistics chart included in this report provides our fire statistics for the past three calendar years for each on-campus student housing facility at our institution.

On-Campus Student Housing Facility Fire Safety Policies

Residents living in on-campus student housing must adhere to the fire and safety policies outlined in their Resident Handbook. These policies address the use of portable electric appliances, smoking, and open flames in student housing facilities and are reiterated below.

The Resident Handbook for on-campus housing facilities at USF St. Petersburg is available for download at https://www.usfsp.edu/housing/files/2015/05/Handbook-Pages-Fall-2016.pdf.

Portable Electric Appliances

According to the Resident Handbook, the following portable electrical appliances are not allowed to be used in individual bedrooms or suites in any of our on-campus student housing facilities:

- Toasters
- George Foreman® grills
- Hot plates
- Roasters
- Popcorn poppers
- Deep freezers

Cooking is strictly prohibited in bedrooms or suites, but may be done in designated cooking areas in each building and within apartments that contain a kitchen area, e.g., the above-listed appliances are allowed in on-campus student housing apartments that contain a kitchen area. For more information about the specific appliances allowed within a specific room of an on-campus housing facility, please contact your Resident Assistant (RA)/Community Manager (CM).

Due to concern for fire and safety standards, the Resident Handbook limits the types of portable electrical appliances that may be used in individual bedrooms or suites to the following:

- Microwaves which use less than 1,000 watts;
- Automatic coffee makers; and
- Refrigerators which do not exceed 4.5 cubic feet.

Smoking

The USF System prohibits smoking, tobacco use, and use of related products on all property owned, leased, or operated by the USF...

40 • 2018 USF St. Petersburg Annual Security and Fire Safety Report
Please review fire and safety information on the USF System Office of Environmental Health and Safety website: usf.edu.

All residents are required to follow the USF System’s fire and safety regulations. These regulations follow mandates set by the Office of Environmental Health and Safety website: usf.edu/administrative-services/environmental-health-safety/programs-services/fire-safety/residential-info.aspx.

### Open Flames and Other Fire Hazards

All residents are required to follow the USF System’s fire and safety regulations. These regulations follow mandates set by the Office of Environmental Health and Safety website: usf.edu/administrative-services/environmental-health-safety/programs-services/fire-safety/residential-info.aspx.

### Prohibited Items

The following items are prohibited in our on-campus student housing facilities because of their serious potential as fire hazards:

- Open flames such as candles and incense, and the burning of any materials or other flame-emitted items
- Use or possession of fireworks or firecrackers
- Extension cords (only power strips with built-in circuit breakers are allowed in the halls)
- Personal grills
- Flammable liquids (and other hazardous chemicals)
- Portable electric heaters
- Lava lamps, halogen lamps, and all lamps with paper shades. Never cover any light with any material that prevents the free flow of air around the bulb.
- Extreme care should be taken with appliances such as curling irons, hair dryers, and irons. Do not leave these items on when not in use or place them next to flammable areas such as on the carpet or on beds. Private gatherings held in student rooms/apartments must be confined to that specific room or apartment. The Housing & Residential Education staff reserves the right to determine if the occupancy of the room/apartment for private gatherings exceeds the amount that would be considered in violation of fire and safety regulations.

### Fire, Health, and Safety Inspections

Housing & Residential Education staff facilitate fire, health, and safety inspections each semester with at least 24-hour notice to residents. Any violations found during these inspections must be corrected within the time period specified by the institution. Residents must immediately correct unsafe or potentially hazardous conditions in their room (such as overloaded power outlets)
as requested by staff. Failure to correct fire, health, and safety violations may result in disciplinary action.

Student Housing Evacuation Procedures in Case of Fire

To reduce the response time to a fire incident, USF policies and procedures require students and employees to call 9-1-1 to report all fires. The UPD will investigate and take appropriate action.

The procedures for evacuating on-campus student housing in case of fire are provided in the Resident Handbook. USF System Fire and Emergency Evacuation Procedures are also available online at usf.edu/administrative-services/environmental-health-safety/documents/firesafety-drillprocedure.pdf. These procedures are also reiterated below:

- **Treat all fire alarm activations as emergencies. Get out of the building!**
  - Immediately evacuate the building via the nearest exit when the fire alarm is activated.
  - If unable to evacuate due to a disability, shelter in the area of rescue/refuge, typically a stairwell landing, and wait for assistance from drill volunteers or emergency responders.
  - Instruct visitors and students to evacuate and assist them in locating the nearest exit.
  - Do not use elevators to exit the building during an evacuation as they may become inoperable.
  - Carry only those personal belongings that are within the immediate vicinity.
  - Close doors to limit the potential spread of smoke and fire.
  - Terminate all hazardous operations and power off equipment.
  - Close all hazardous materials containers.
  - Remain outside of the building until the building is released for re-entry.
  - Do not restrict or impede the evacuation.
  - Convene in the designated grassy gathering area and await instruction from emergency responders or drill volunteers.
  - Avoid parking lots.
  - Report the fire alarm deficiencies (e.g., trouble hearing the alarm) to facilities personnel for repair.
  - Notify evacuation drill volunteers or emergency responders of persons shelters in the areas of rescue/refuge.
  - Never assume that an alarm is a “false alarm.” Treat all fire alarm activations as emergencies and evacuate the building.

More information regarding USF System fire and emergency evacuation procedures and additional information associated with emergency evacuation (e.g., USF System High Hazard Buildings and USF Fire Drill Relocation Areas) can be found on the USF System’s Environmental Health and Safety website at the following locations:

- Fire and Emergency Evacuation Drills: usf.edu/ehs/programs-services/fire-safety/emergency-evacuation.aspx
- Fire Safety, Residential Information: usf.edu/ehs/programs-services/fire-safety/residential-info.aspx

All occupants of any USFSP on-campus student housing are required to evacuate upon receiving an evacuation notice. This is a requirement of the USF System Policy. All occupants are to immediately leave the building and proceed to the assigned Evacuation Gathering Area. The Gathering Area for Resident Hall One (RHO) is located in the grassy area along 1st Street between 5th and 6th Avenues. The Gathering Area for the University Student Center is the grassy area along 3rd Street, south of 6th Avenue. The Gathering Area for the Hilton Hotel is the St. Petersburg Rowdies Parking Area. When leaving the building, do so in a quick and orderly manner. Take only minimally required items with you.

In the case of inclement weather, the nearest building available will be used to temporarily house all occupants. For RHO, that building is the Student Life Center (SLC). For USC, that building is the Poynter Library (POY). For the Hilton Hotel, that building is Residence Hall One (RHO).

When at the Gathering Area, occupants are required to remain until the appropriate authority gives the “all clear to return to the building.” If you need to leave for any reason, you should notify an RA or building representative. This is to ensure that all occupants are accounted for.

Fire Safety Education and Training

The Fire Safety Division of USF System Environmental Health and Safety provides fire safety training to applicable Department of Housing & Residential Education employees on a per semester basis (i.e., the initiation of each semester). This training includes a review of emergency response policies and procedures and evacuation policies and procedures. This training also includes resident-related fire safety training, covering:

- the fire risks in residential buildings,
- the components of a fire
- the different classes of fire,
- how to inspect and use a fire extinguisher
- how to identify common fire hazards, and
- what actions to take during emergencies.

The Residence Life & Education team is subsequently responsible for the dissemination of these policies and procedures to on-campus student housing facility residents. Further, EH&S provides fire safety training, including the emergency response and evacuation policies and procedures to staff employees on a biennial basis. This training is also provided by EH&S by request for other USF System institutions, departments, and facilities.
In addition to fire safety training, the USF System requires fire drills at each on-campus student housing facility once each semester, during the first three weeks of each academic term. These drills test the fire alarm systems and fire reporting procedures under simulated emergency conditions for all residential facilities including Greek organizations with a chapter house. Per procedures, drills are not conducted at regularly scheduled times and are held without warning except to the UPD and alarm technicians or housing maintenance staff. Such drills ensure familiarity with exits which, in turn, ensures that everyone in our on-campus student housing facilities vacate the building promptly and in an organized manner to a place of safety. The following fire drill procedures are applicable to USF System on-campus student housing facilities:

1) The Resident Assistants, with the assistance of a Fire Safety Specialist, will arrange, conduct, and record fire drill results.
   - The Fire Safety Specialist shall be the person in charge at all fire drills in the event an actual fire emergency occurs.
   - The Resident Assistants shall coordinate drill scheduling with UPD.
   - The fire drill evacuation plan shall include all personnel in the building. This includes all residents, visitors, guests, employees, and attendants. There are no excuses for not participating. Everyone must leave the building during the drill period.
2) Diagram and post two routes to the outside from all rooms, especially from bedrooms.
3) Designate a meeting place outdoors which is away from the building and clear of entrances. The designated meeting place should be at least 100 feet from the building.
4) Locate a method of call 9-1-1 near the designated meeting place that does not involve re-entering the building.
5) Anyone who is unable to evacuate the building due to a disability must shelter in the area of refuge/rescue.
6) Establish a method to account for those known to be in the building at the time the alarm is sounded. In case of actual fire conditions, information regarding persons believed to be in the building should be made available to responding emergency personnel. (Do not return inside. Only trained search and rescue personnel should re-enter an evacuated area.)
7) The Fire Safety Specialist (if present) shall terminate the fire drill by:
   - Informing Operations alarm technicians to reset the building alarm system.
   - Notifying building occupants that they are allowed to return to the building by giving the “all clear” signal.
   - Notifying the appropriate dispatcher(s) that the drill has been completed.
   - Make a written record of the date, time, and results of the drill.
8) The Resident Assistants should meet directly after each fire drill to evaluate the success of the drill and work out details which have been faulty or misunderstood.
9) The Resident Assistants shall submit a copy of the Fire Drill Report to Environmental Health and Safety within 48 hours. A copy of the drill shall be maintained in the residential records.

In the event of an actual or potential emergency, students, residents, or Resident Assistants are instructed to alert other building occupants, pull the manual fire alarm, attempt to extinguish the fire (only if properly trained and the fire is of appropriate size/natures), close all doors, call 9-1-1 from a nearby building or a cell phone, provide as much information as possible to the emergency dispatcher, and await instruction from emergency responders.

Prior to the beginning of each semester, all USFSP Resident Assistants (RAs) are required to attend Fire Safety Training. This is facilitated by the USFSP Office of Safety and Compliance. The training teaches Preventative Fire Safety, Evacuation Assistance Requirements, Hazard Notifications, Hazard Response Requirements, and Fire Safety Equipment Familiarization and Use. The RAs are then expected to bring their knowledge to the housing occupants during their individual floor meetings. In conjunction with this training, an Evacuation Drill is scheduled for each residence building within two weeks after the start of the semester. These are to test the effectiveness of this training and to improve the occupant knowledge of what to do in case of a fire or other evacuation. These drills are evaluated and graded. The Office of Safety and Compliance, in conjunction with USF System Environmental Health and Safety, and the Florida State Fire Marshall’s Office, review the completed drills and make recommendations to improve training effectiveness. These recommendations are then implemented into the next residence training cycle.

Who Should Be Notified After a Fire Occurred

Below is a list of titles of the people or organizations that should be told “after the fact” that a fire occurred for the purposes of including a fire in the statistics of the Annual Fire Safety Report.

Environmental Health and Safety
- Coordinates university system efforts and reporting requirements.
- Assists Housing and the UPD with annual report of fire safety statistics.
- Reviews policies and rules regarding fire safety in Housing buildings and provides recommendations for compliance.
- Review fire statistics for annual fire safety report.
- Investigates fire cause and origin in Housing buildings and acts as liaison with State Fire Marshal Office and Fire Rescue agencies.
Housing

- Serves as university system resource for fire safety procedures and policy development.
- Provides fire safety education and training to students and employees.
- Maintains and updates the Building Alarms and Fire Report document.
- Maintains and updates the Building Fire System and Components document.
- Maintains policies in the resident housing publication that address open flames, smoking, and electrical appliances.
- Maintains policies in the resident housing publication that addresses procedures that students should follow in case of fire.
- Maintains policies in the resident housing publication that addresses procedures that students should follow in case of fire.
- Compiles the fire statistics annually from the Building Alarms and Fire Report and submits it to EH&S and UPD for reporting in October.

University Police Department (UPD)

- Receives and records the fire alarm activity in Housing buildings.
- Dispatches officer(s) to investigate all fire alarm activations.
- Determines if emergency forces are required and makes contact with emergency forces (Fire Rescue) as needed.
- Maintains reporting format for Annual Fire Safety Report (same as Clery Report).
- Combines and submits Annual Fire Safety Report and Clery Report for compliance to HEOA/Campus Right-to-Know.

Plans for Future Fire Safety Improvements

The USF System continually evaluates the performance of fire safety systems, associated procedures (e.g., area-specific evacuation drills, inspections, training protocols, etc.), and event-related data to determine the potential necessity for procedural, operational, and/or system-related improvements. Although no substantive operational or system-related improvements are currently planned, the USF System will continue to modify applicable USF System processes or procedures to enhance the fire safety program as well as ensure the allocation of appropriate resources to sustain or improve the program, as required.

At the institutional level, the USFSP Office of Safety and Compliance intends to do the following to improve fire safety for our USFSP On-Campus Student Housing Facilities:

1) Provide more outreach to the occupants of the residences in the forms of better evacuation maps for each room.
2) Offer more fire extinguisher training to the entire occupant population.
3) Work more closely with the Hilton Hotel and the St. Petersburg Fire Department to better formulate what the expectations and outcomes would be if there is a need to evacuate that facility for fire or other hazards.
4) Conduct more unannounced health and welfare inspections to uncover and prevent poor fire safety with regard to housekeeping practices in all residences.

These USFSP initiatives will be conducted starting with the summer semester of 2016 and continue through 2017.
<table>
<thead>
<tr>
<th><strong>Aggravated Assault</strong></th>
<th>An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm.</th>
</tr>
</thead>
</table>
| **Arson**             | Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property of another, etc.  
*Note: Do not classify fires or suspicious or unknown origin.* |
| **Burglary**          | The unlawful entry of a structure or conveyance to intent to commit a crime therein.               |
| **Business Day**      | Monday through Friday, excluding any day when the institution is closed.                         |
| **Campus**            | 1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to the institution’s education purposes, including residence halls and (2) any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of this definition that is owned by the institution by controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor). |
| **Campus Security Authority (CSA)** | There are four types of individual or organizations that are considered a CSA under the Clery Act:  
(1) A campus police department or a campus security department of an institution.  
(2) Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department under paragraph (1) of this definition, such as an individual who is responsible for monitoring entrance into institutional property.  
(3) Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.  
(4) An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. If such an official is a pastoral or professional counselor as defined below, the official is not considered a campus security authority when acting as a pastoral or professional counselor. |
| **Clery Geography**   | Clery crime and incident statistics are reported according to the following Clery Act-defined geographical categories: on campus; on-campus residential; non-campus building or property; and public property.  
**On Campus**  
The on-campus category of Clery Geography encompasses the following:  
Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s education purposes, including residence halls; and  
Any building or property that is within or reasonably contiguous to the area identified in the above paragraph that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor). |

<td></td>
<td>3. The frequency and type of interaction between the persons involved in the relationship must have included that the persons have been involved over time and on a continuous basis during the course of the relationship.</td>
</tr>
</tbody>
</table>

| Destruction or Damage or Vandalism of Property | To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it. Crime is only reported if it was motivated, in whole or in part, by the offender's bias. |
### Domestic Violence

Under the Clery Act, *domestic violence* is defined as follows:

1. A felony or misdemeanor crime of violence committed—
   1. By a current or former spouse or intimate partner of the victim;
   2. By a person with whom the victim shares a child in common;
   3. By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
   4. By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or
   5. By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

2. For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Under the State of Florida Statutes, *domestic violence* is defined as follows:

Any assault, aggravated assault, battery, aggravated battery, sexual assault, sexual battery, stalking, aggravated stalking, kidnapping, false imprisonment, or any criminal offense resulting in physical injury or death of one family or household member by another family or household member. “Family or household member” means spouses, former spouses, persons related by blood or marriage, persons who are presently residing together as if a family or who have resided together in the past as a family, and persons who are parents of a child in common regardless of whether they have been married. With the exception of persons who have a child in common, the family or household members must be currently residing or have in the past resided together in the same single dwelling unit.

### Federal Bureau of Investigation’s (FBI) Uniform Crime Reporting (UCR) Program

A nationwide, cooperative statistical effort in which city, university and college, county, state, tribal, and federal law enforcement agencies voluntarily report data on crimes brought to their attention. The UCR program also serves as the basis for definitions of crimes in Appendix A to this subpart and the requirements for classifying crimes in this subpart.

### Hate Crime

A crime reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. For the purposes of this section, the categories of bias include the victim’s actual or perceived race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability.

### Hierarchy Rule

A requirement in the FBI’s UCR program that, for purposes of reporting crimes in that system, when more than one criminal offense was committed during a single incident, only the most serious offense be counted.

### Intimidation

To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack. Crime is *only* reported if it was motivated, in whole or in part, by the offender’s bias.
| **Larceny-Theft** | The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.  
*Constructive possession* is the condition in which a person does not have physical custody or possession, but is in a position to exercise dominion or control over a thing.  
Crime is *only* reported if it was motivated, in whole or in part, by the offender’s bias. |
| **Motor Vehicle Theft** | The theft or attempted theft of a motor vehicle.  
*Note*: Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access, even though the vehicles are later abandoned – including joy riding. |
| **Murder and Non-negligent Manslaughter** | The willful (non-negligent) killing of one human being by another. This includes any death caused by injuries received in a fight, argument, quarrel, assault, or commission of a crime.  
*Note*: Murder/Non-negligent Manslaughter does *not* include deaths caused by negligence, assaults/attempts to murder, suicides, fetal deaths, traffic fatalities, accidental deaths, or justifiable homicides (defined as and limited to the killing of a felon by a peace officer in the line of duty, or the killing of a felon during the commission of a felony, by a private citizen). |
| **Negligent Manslaughter** | The killing of another person through gross negligence (defined as the intentional failure to perform a manifest duty in reckless disregard of the consequences as affecting the life or property of another).  
*Note*: Negligent Manslaughter does *not* include deaths of persons due to their own negligence, accidental deaths not resulting from gross negligence, or traffic fatalities. |
| **Professional Counselor** | A person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of the counselor’s license or certification. |
| **Programs to Prevent Sexual Assault, Dating Violence, Domestic Violence, and Stalking** | (1) Comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end sexual assault, dating violence, domestic violence, and stalking that—  
(i) Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research or assessed for value, effectiveness, or outcomes; and  
(ii) Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.  
(2) Programs to prevent sexual assault, dating violence, domestic violence, and stalking include both primary prevention and awareness programs directed at incoming students and new employees and ongoing prevention and awareness campaigns directed at students and employees, as defined in paragraph (j)(2). |
| **Public Property** | All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus. |
| **Referred for Campus Disciplinary Action** | The referral of any person to any campus official who initiates a disciplinary action of which a record is kept and which may result in the imposition of a sanction. |
| **Robbery** | The taking or attempting to take anything of value from the care, custody, or control of a person by force or threat of force or violence and/or by putting the victim in fear. |
### Sexual Assault

Under the Clery Act, sexual assault is defined in accordance with the FBI’s UCR Program. Sexual Assault is defined as penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

**Under State of Florida Statutes, sexual battery is defined as follows:**

Oral, anal, or vaginal penetration by, or union with the sexual organ or another or the anal or vaginal penetration of another by any other object, however, sexual battery does not include an act done for bona fide medical purpose.

“Consent” means intelligent, knowing, and voluntary consent and does not include coerced submission. “Consent” shall not be deemed or construed to mean the failure of the alleged victim to offer physical resistance to the offender.

### Simple Assault

An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness. Crime is only reported if it was motivated, in whole or in part, by the offender’s bias.

### Stalking

For the purposes of complying with the requirements of the VAWA, any incident meeting the below definition is considered a crime for the purposes of Clery Act reporting.

1. Engaging in a course of conduct directed at a specific person that would cause a reasonable person to—
   1. Fear for the person’s safety or the safety of others; or
   2. Suffer substantial emotional distress.

2. For the purpose of this definition—
   1. **Course of conduct** means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by an action, method, device or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.
   2. **Substantial emotional distress** means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
   3. **Reasonable person** means a reasonable person under similar circumstances and with similar identities to the victim.

Under State of Florida Statutes, **stalking** is defined as follows: A person who willfully, maliciously, and repeatedly follows, harasses, or cyberstalks another person commits the offense of stalking.

**Harass** means to engage in a course of conduct directed at a specific person which causes substantial emotional distress to that person and serves no legitimate purpose.

**Cyberstalk** means to engage in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through the use of electronic mail or electronic communication, directed at a specific person, causing substantial emotional distress to that person and serving no legitimate purpose.

### Test

Regularly scheduled drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities.
Crime and Incident Definition Sources

Under the Clery Act, counting and disclosing statistics for criminal offenses, hate crimes, arrests, and referrals for disciplinary action is done based on definitions provided by the Federal Bureau of Investigation’s (FBI’s) Uniform Crime reporting (UCR) Program. The definitions for Murder, Rape, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Weapons Carrying, Possessing, etc., Law Violations, Drug Abuse Violations, and Liquor Law Violations are from the Summary Reporting System (SRS) User Manual from the FBI’s UCR Program. The definitions of Fonding and Incest and Statutory Rape are from the FBI’s National Incident-Based Reporting System (NIBRS) Data Collection Guidelines edition of the UCR. Hate Crimes are classified according to the FBI’s Uniform Crime Reporting Hate Crime Data Collection Guidelines and Training Manual. Note that, although the law states that institutions must use the UCR Program definitions, Clery Act crime reporting does not have to meet all of the other UCR Program standards.

For the categories of Domestic Violence and Stalking, the Clery Act specifies that our institution must use the definitions provided by the Violence Against Women Act of 1994 and repeated in the Department’s Clery Act regulations [34 CFR 6668.46(c)(6) (A)(i)] for statistical report.

APPENDIX E

Confidential and non-confidential on-campus and off-campus resources for victims of sexual assault, dating violence, domestic violence, and stalking for the USF St. Petersburg Campus

IF YOU HAVE EXPERIENCED SEXUAL ASSAULT, RELATIONSHIP VIOLENCE OR STALKING:

YOUR RIGHTS UNDER VAWA

- YOU HAVE THE RIGHT TO REPORT THE INCIDENT (OR NOT) TO LAW ENFORCEMENT, TO THE UNIVERSITY, OR TO ANY OF THE CONFIDENTIAL RESOURCES ON CAMPUS.

- YOU DO NOT NEED TO REPORT AN INCIDENT TO THE POLICE TO RECEIVE PROTECTIVE MEASURES FROM THE UNIVERSITY.

- PROTECTIVE MEASURES MAY INCLUDE, BUT ARE NOT LIMITED TO, RISK ASSESSMENT, SAFETY PLANNING, ON-CAMPUS HOUSING/EMPLOYMENT CHANGES, TRANSPORTATION, NO CONTACT ORDER, CLASS CHANGES.

- USF WILL KEEP YOUR ACCOMMODATIONS CONFIDENTIAL, AS LONG AS DOING SO DOESN’T HINDER THE ABILITY TO PROVIDE THOSE ACCOMMODATIONS.

- DISCIPLINARY PROCEEDINGS WILL BE PROMPT, FAIR AND IMPARTIAL. EVERY CASE IS UNIQUE AND MAY VARY IN LENGTH.

- PROCEEDINGS CONDUCTED BY OFFICIALS WHO RECEIVE ANNUAL TRAINING ON THESE SPECIFIC CRIMES, CONDUCTING AN INVESTIGATION, PROTECTING VICTIM SAFETY, AND PROMOTING ACCOUNTABILITY.

- THE COMPLAINT AND RESPONDENT HAVE THE SAME RIGHTS, INCLUDING THE RIGHT TO BE ACCOMPANIED TO ANY PROCEEDINGS BY THE ADVISOR OF THEIR CHOICE.

- POSSIBLE SANCTIONS FOR AN ALLEGATION OF SEXUAL ASSAULT, RELATIONSHIP VIOLENCE, OR STALKING ARE NOT LIMITED TO BUT MORE THAN LIKELY INCLUDE RESTRICTION, SUSPENSION, DEFERRED SUSPENSION, EXPULSION.

PRESERVE ANY EVIDENCE IF YOU INTEND TO REPORT. DEPENDING ON THE TYPE OF INCIDENT:

- DO NOT WASH BEDDING, TOWELS, CLOTHING
- DO NOT ERASE VOICEMAILS, TEXTS, OR EMAILS
- AVOID BATHING/SHOWERING, BRUSHING TEETH, EATING, DRINKING, USING THE TOILET, OR CLEANING THE CRIME SCENE

Notice of Nondiscrimination: Pursuant to Title IX, the University does not discriminate on the basis of sex in educational programs or activities that it operates. Such protection extends to both employees and students. Any questions or requests concerning Title IX, policies, procedures, or the application of Title IX at the University may be referred to the Title IX Coordinator, Senior Deputy Title IX Coordinator, or to any of the University’s Deputy Title IX Coordinators. The most up-to-date information regarding Title IX and other University resources are available on the Office of Diversity, Inclusion, and Equal Opportunity’s website at www.usf.edu/diversity. When appropriate, the University will take steps to prevent the recurrence of harassment, including sexual violence, and to correct any discriminatory effects of harassment on the complainant and others.

VAWA IS FOR EVERYONE.
THE VIOLENCE AGAINST WOMEN ACT PROTECTS ALL STUDENTS/FACULTY/STAFF/ADMINISTRATION REGARDLESS OF ORIENTATION/IDENTITY.

INTRODUCTION

This guide is for USF-Tampa students and employees who experience rape or other sexual violence,* sexual harassment, relationship or dating violence, domestic violence, and stalking.

In the immediate aftermath of any of the above interpersonal crimes or situations, victims may feel confused, shocked, and may not know what to do, whom to tell, or where to seek help. Victims are often concerned about their privacy and safety. This guide is intended to assist victims in understanding their options and resources in the event of any interpersonal crime.

IMPORTANT! If in imminent danger, call 911.
Due to the potential for increased risk, victims of intimate partner violence (domestic, relationship, or dating violence) and stalking are urged to consult confidentially with a victim advocate at USF’s Center for Victim Advocacy (see Resources, page 15) for an individualized risk assessment, safety planning, and exploration of options. The advocate will help you pursue any reporting options you choose, as safely as possible.

LGBTQ+ STATEMENT
USF strives to promote the safety and well-being of all students and employees. The information in this guide is applicable to students and employees regardless of their sexual orientation, gender identity, or gender expression. The Center for Victim Advocacy is aware that anyone who is perceived as not conforming to traditional sex and gender stereotypes may be targeted for sexual harassment, assault, and/or hate crimes. In addition, interpersonal violence does occur in same-sex relationships. All advocates have been trained as LGBTQ+ allies through the USF Safe Zone ally training program.

DISABILITY STATEMENT
USF strives to promote the safety and well-being of all students and employees. The information in this guide is applicable to students and employees regardless of their disability status. The Center for Victim Advocacy is aware that persons with disabilities may be targets of crime, abuse, or harassment and our advocates are committed to providing accessible and available services. For reasonable accommodations, please contact us at 813-974-5756 (FL Relay 711) and/or va@usf.edu.

* There are different terms used by different states to refer to sex crimes, such as sexual assault, rape, sexual violence, or, as in Florida, sexual battery. In this guide, we will refer to these crimes generically as “sexual assault," since that is the term most commonly used.
VICTIM DISCLOSURE, EMPLOYEE OBLIGATION TO REPORT, AND CONFIDENTIALITY

USF encourages victims of sexual violence or harassment, relationship or dating violence, domestic violence, and stalking to talk about the incident or situation with someone they trust to receive needed support and to allow the university to respond appropriately.

Confidential Campus Resources
Employees of the following campus resources can provide confidential support and services to you and are not required to report disclosures of sexual violence or harassment, relationship or dating violence, domestic violence, and stalking:

- Center for Victim Advocacy
- Counseling Center
- Student Health Services
- Ombuds Office
- Students with Disabilities Services

You can seek assistance from employees of these services without prompting a Title IX Incident Report to be filed. The only exceptions to this confidentiality are the following circumstances which require employees listed as confidential resources to report a situation to authorities:

- When child abuse is involved.
- When there is the potential of imminent harm to self or others.
- When a student victim is under the age of 18.

Center for Victim Advocacy Confidentiality Statement
The USF Center for Victim Advocacy assures confidentiality to all who utilize the department’s services. All of the advocates are certified by the State of Florida’s Office of the Attorney General as advocates and are considered confidential. Client names, identifying information, and any disclosures of a crime will be kept confidential unless an advocate receives explicit permission from the client to release the information to a specific third party, or the University received a legal directive to release the information, such as a subpoena or an Office of Civil Rights request.
Employees Who Must Report Disclosures
With the exception of those USF employees of the departments indicated above, other employees are obligated to report disclosures of sexual violence or harassment, relationship or dating violence, domestic violence, and stalking by students or employees to the Office of Diversity, Inclusion & Equal Opportunity (DIEO).

Employees who are mandated by official university policy to report include:
- Employees who supervise other employees
- All faculty
- Employees or students who oversee student activities and/or who supervise or oversee students
  - Resident assistants (RAs)
  - Academic advisors
  - Student activity coordinators
  - Graduate assistants (GAs)
- University Police Department

As discussed above, for purposes of campus safety, certain employees of USF are required to report instances of sexual violence or harassment, relationship or dating violence, domestic violence and stalking that come to their attention. In addition, certain USF System employees, known as Campus Security Authorities (CSAs), are mandated under federal law to report such crimes and their location per the Clery Act. The victim’s name and identifiers are anonymous. CSAs include, but are not limited to RAs, academic advisors and student activity coordinators. In some instances, well-intentioned friends or family members of a victim may contact law enforcement or other officials to report the incident or situation, even when the victim does not wish for others to know.

For some victims, when a mandated report is filed, the victim may feel disempowered or as though they have lost control of the situation. The Center for Victim Advocacy can provide an advocate who can explain your rights under these circumstances and ensure that your privacy and wishes are considered by those responsible for responding to the report. When a mandated report is submitted, it goes directly to the Deputy Title IX Coordinator, who will reach out to the victim to provide resources, explain the victim’s rights to submit a Title IX complaint, and offer the victim the choice to (1) close the report (2) wait on the report to consider their options (3) file a Title IX complaint. The victim is offered an information session with the Title IX Office. This meeting in no way obligates the victim to move forward with a complaint. Rather, this meeting allows the Deputy Title IX Coordinator to answer any questions or concerns the victim may have. Although the Title IX Office is not confidential, steps are taken to protect a victim’s privacy.

USF cannot require you, as a victim, to participate in any investigation or misconduct proceeding against your will. Title IX officials at USF uphold your rights and wishes in order to help you make the best decision for yourself given the circumstances.

For more information about the reporting obligations of USF employees, please refer to USF System Policy 0-004: Sexual Misconduct/Sexual Harassment (including Battery) at http://generalcounsel.usf.edu/policies-and-procedures/pdfs/policy-0-004.pdf
REACTIONS TO VICTIMIZATION

Initially you may react to victimization with shock, disbelief, or denial. You may do your best to try to forget the incident and just go on with your life. Perhaps you believe that being strong means trying to recover on your own and not asking for help. This approach may work for a while, but most of us are not prepared for the disruption to our daily lives that traumatic events often bring. You may experience one or more of the following involuntary reactions, which are ordinary reactions to trauma:

- Sleep disturbances and/or nightmares
- Changes in eating behavior: loss of appetite, overeating, nausea
- Inability to concentrate or focus
- Constantly thinking about or visualizing the traumatic event
- Hypervigilance and increased startle reaction
- Emotional outbursts of crying or anger
- Irritability
- Feeling numb
- Loss of interest in school, work, or usual activities
- Inability to push yourself to attend class or work, resulting in unexcused absences
- Flashbacks in which you re-experience sensory moments from the incident

As stated above, these can be normal, involuntary reactions over which you do not have initial control. As unpleasant as these reactions are to endure, they are biochemically triggered as your brain attempts to process the trauma.

Also know that any reaction to trauma is normal and everyone responds to trauma differently – there is no one right way to respond.

Additionally, the offender may be someone you know. If this is true for you, you may:

- Feel betrayed because you trusted this person
- Have difficulty trusting others
- Blame yourself for trusting the offender
- Be grieving the loss of the friendship or relationship in addition to coping with the violence and betrayal

Remember that trust is a good thing – betrayal of trust is not. Learning to trust again is part of your healing process and it may take time.

Advocates at The Center for Victim Advocacy provide trauma-informed care and can help you to understand your reactions and feelings in relation to what has happened to you (see Resources, page 15). USF’s Counseling Center is also a resource for helping you understand and cope. If you find your academic success or employment negatively affected, an advocate may be able to offer assistance in remedying problems in academics and employment due to victimization.
CENTER FOR VICTIM ADVOCACY

Overview
The Center for Victim Advocacy (CVA) provides free and confidential services to USF students, faculty, and staff who have experienced crime, violence, or abuse, regardless of if it occurred on or off campus. CVA serves people of all gender identities and sexual orientations. The role of an advocate is to provide support, explore options, and assist the client with any advocacy needs they may have.

Crimes Served by CVA:
- Assault
- Battery
- Sexual Battery
- Child Abuse
- Kidnapping
- Harassment
- Stalking
- Hate Crime
- Domestic Violence/Relationship Violence
- Cybercrime/Identity Theft
- Robbery/Burglary
- Secondary Victimization
- Other crimes as deemed appropriate by CVA staff

CVA Services:
CVA’s services are tailored to meet the individual needs of the client and are delivered at the request of the client. No student, faculty, or staff is required to engage in any services or to access an advocate unless they so choose. CVA services can include:
- Crisis Intervention
- Emotional Support
- Personal and Systems Advocacy
- Court, Campus proceedings, and Medical Accompaniment
- Information, Options, and Referrals
- Safety Planning
- Assistance filing a report, injunction for protection, or crime victim’s compensation claim

To connect with an advocate:
- Call 813-974-5756
- Visit the CVA Office: SVC 2057
IN THE IMMEDIATE AFTERMATH OF A CRIME

It may be difficult to start thinking about what you need to do next and you may feel overwhelmed trying to sort through all of your available options. Let the following tips guide you in understanding your options.

Sexual Assault/Rape/Sexual Battery

- **Sexual battery (rape)** – oral, anal or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object.
- Do not go to a hospital emergency room unless you have physical injuries requiring immediate medical attention.
  - Forensic medical exams (“rape kits”) are **not** performed at Student Health Services or at hospitals in Hillsborough County/Tampa, but rather by the Crisis Center of Tampa Bay (See Resources, page 17).
  - Exams can be performed up to 120 hours (5 days) after the assault.
  - The Crisis Center can also provide STI preventative medication and emergency contraception.
  - The Crisis Center’s services are all free of charge and you do not have to file a report to access them.
- Preserve evidence as much as possible until it is collected. If you may want to report in the future, it is important to preserve as much evidence as possible.
  - Avoid bathing or showering, urinating, eating, washing clothes worn during the assault, or washing bedding or towels that were part of the incident. Store items in a brown paper bag.
  - Save all communications to or from the offender or witnesses via voicemail, text, social media, or email about the incident.
  - If you are unsure if you want to report the crime, you may still want to preserve the evidence. However, even if you did not preserve evidence, you may still report the crime.
- The forensic exam process can be distressing, although every effort will be made to make you as comfortable as possible.
  - You may want a friend or family member and/or your advocate from CVA to accompany you to the off-campus location for the exam.
  - Even if you choose not to have a USF advocate accompany you, the Crisis Center of Tampa Bay will have an advocate present.
- An advocate (see Resources, page 16 for USF Victim Advocate contact information) can provide safety planning, help you determine your immediate needs, and assist you in obtaining assistance in areas such as:
  - Housing and relocation
  - Academics
  - Work
  - Injunction for Protection (“restraining order”) – used to restrict offender’s contact with you (see pg. 10 for more information)
- If you would like to report the sexual assault, please see Reporting Options, page 10.
Stalking and/or Domestic, Relationship, and Dating Violence

Due to the increased risk of danger, victims of these types of crimes are urged to consult confidentially with a victim advocate at CVA for an individualized risk assessment, safety planning, and exploration of options. The advocate will help you pursue any reporting options you choose as safely as possible.

- **Stalking** – Repetitive or menacing pursuit, following, harassment or interference with the peace or safety of a member of the community; or the safety of any of the immediate family members or friends of that person.

- **Relationship violence** – A pattern of coercive control by one partner over the other that involves psychological abuse tactics, and other forms of abuse, such as physical, sexual, and financial.

- Seek medical care, if needed.
  - Hospital emergency room
  - Student Health Services
  - Other medical provider of your choice
  - A victim advocate can accompany you or meet you at the facility if you wish

- Preserve evidence as much as possible.
  - Leave damage to property or dwelling as is for law enforcement to document; avoid changing or washing clothing that may be torn or contain blood evidence; make sure that bruises and other injuries are photographed by police, medical caregivers, or, as a last resort, a friend or relative.
  - Save communications to or from the offender or witnesses via voicemail, text, social media, or email about the incident.
  - If you are unsure if you want to report the crime, you may still want to preserve the evidence. However, even if you did not preserve evidence, you may still report the crime.

- An advocate (see Resources, page 15 for the USF Center for Victim Advocacy contact information) can provide safety planning, help you determine your immediate needs, and assist you in obtaining changes or accommodations in areas such as:
  - Housing and relocation or safe emergency shelter
  - Academics and work
  - Transportation
  - Legal aid
  - Injunction for Protection

- If you would like to file a report, please see Reporting Options, page 10. It is strongly encouraged that you work with a Victim Advocate to engage in individualized risk assessment, safety planning, and exploration of options due to the increased risk of danger associated with these types of crimes.

If you believe you are in danger, dial 911 immediately.
REPORTING OPTIONS FOR VICTIMS

Depending on the circumstances of your situation, you have a number of options if you wish to report what has happened to you:

- Report to local law enforcement.
- Disclose to the Title IX official at DIEO, requesting informal or alternative solutions.
- File a formal Title IX complaint with DIEO that may lead to a formal action.
- Report student misconduct through the Office of Student Rights and Responsibilities (see Resources, page 16). NOTE: Any Title IX related concerns will be forwarded to DIEO for action.
- Report misconduct anonymously through Ethics Point, USF’s third-party resource, by calling 866-974-8411 or online at https://secure.ethicspoint.com/domain/ media/en gui/14773/index.html.
- Choose not to report.

If you are hesitant to report sexual misconduct to the university because of underage drinking or illegal substance use, please be aware of USF’s Medical Amnesty (Student Reporting) Policy 30-004, which encourages the reporting of sexual assault in such circumstances and helps protect the victim from misconduct sanctions (http://generalcounsel.usf.edu/policies-and-procedures/pdfs/policy-30-004.pdf).

If you believe you are in danger, dial 911 immediately.

Reporting a Crime to Law Enforcement

For criminal offenses such as sexual assault, stalking, domestic violence, or relationship or dating violence, a report can be made to the law enforcement agency that has jurisdiction over the location of the incident:

- Campus: University Police Department (UPD)
- City of Tampa: Tampa Police Department
- Temple Terrace: Temple Terrace Police Department
- Unincorporated Hillsborough County: Hillsborough County Sheriff Department

You may contact the appropriate law enforcement agency directly or you may contact an advocate in CVA to assist you in making the report. The benefits of using a USF advocate include:

- An advocate is on-call 24/7, including weekends and holidays, to respond in person to victims reporting a violent crime.
- An advocate can help you determine the jurisdiction.
- An advocate can accompany you to make the report, if you wish.
- The advocate can continue to assist you throughout the investigation.
- If the case results in court proceedings, the advocate can continue to support you throughout the legal process.
The University Police Department (UPD) has a well-deserved reputation for providing a sensitive response to victims of crime. When you contact UPD, you will be offered the services of an advocate from CVA. When you contact off-campus law enforcement agencies, you typically will not be offered an advocate. If you are reporting a sexual assault to any local law enforcement agency, the police officer will contact the Sexual Assault Services of the Crisis Center of Tampa Bay to initiate the forensic exam process. You may find it helpful to contact an advocate in CVA for accompaniment and advocacy through the reporting process. Be aware that once a report has been made to UPD, they must investigate the crime.

A detective/investigator may interview you at the time you make the report and/or in the days following your initial report. Your advocate can accompany you to the interview(s), if you choose.

The State Attorney’s Office in the jurisdiction where the crime occurred has the authority to prosecute crimes when there is enough evidence to pursue the case. The decision to prosecute is made by the prosecutor on behalf of the State of Florida.

Injunctions for Protection

Injunctions for Protection are often referred to as “restraining orders” or “orders for protection” in some states. You do not have to report the crime in order to request an Injunction for Protection. The intention of an Injunction for Protection is to restrict the offender’s access to the victim in an effort to prevent future harm. Some offenders will abide by the terms of the injunction, but others will not. For this reason, Injunctions for Protection, when granted, are not guarantees of safety.

The process for requesting an Injunction for Protection is complex:

- Requires you (the “petitioner”) to complete the correct form
- Requires very specific, detailed information
- Can be denied based on wrong form or omission of details

To increase the chances of a successful petition, you can ask an advocate from CVA to assist you with the documentation and filing. Attending the petition hearing and having to testify can be confusing and frightening, but you do not have to handle this alone. Your advocate can guide you through the process and accompany you to court hearings for the injunction.
Reporting Sexual Discrimination, Harassment or Assault Under Title IX

Due to the increased risk of danger, victims of intimate partner violence (domestic violence, relationship or dating violence) and stalking are urged to consult confidentially with a victim advocate at CVA for an individualized risk assessment, safety planning, and exploration of options. The advocate will help you pursue any reporting options you choose as safely as possible.

Title IX protects people from sex discrimination in educational programs and activities at institutions that receive federal financial assistance (20 U.S.C. § 1681). Title IX applies to USF programs and activities, as related both to education and employment. USF is committed to providing an environment free from sex discrimination, including sexual harassment and sexual assault. See the USF System Policy 0-004 Sexual Misconduct/ Sex Harassment available at http://generalcounsel.usf.edu/policies-and-procedures/pdfs/policy-0-004.pdf.

USF has a central reporting protocol for violations of Title IX, which is housed in the DIEO office. To file a Title IX report you may:

1. Walk in to the DIEO office for an Information Session, learn your options, and then work with Title IX to take the level of action you wish
2. Turn in a Title IX report (found at http://www.usf.edu/diversity/title-ix/reporting.aspx) to TitleIXReports@usf.edu
3. Turn in a Title IX complaint to DIEO (via email, UPS mail, or by dropping it off at DIEO)

It is important to remember that you are the person in control and in charge of what actions will be taken. DIEO Title IX works to ensure that your rights are protected by providing education about the process (Information Session) and consultation to you. Your advocate is always welcome to join you in any meeting held with Title IX.

Title IX also prohibits retaliation against anyone who, in good faith, has made allegations of sexual assault or who has testified, assisted, or participated in any investigation, proceeding, or hearing related to Title IX. If you believe that you have experienced retaliation, contact your advocate or the Title IX Coordinator directly, or contact University Police if you are concerned for your safety.

The USF Title IX Coordinator is:
Mr. Cecil Howard, J.D.
4202 E. Fowler Ave, ALN 172
Tampa, FL 33624
813-974-8615
howardc@usf.edu

If you believe you are in danger, dial 911 immediately.
Misconduct by a Student

If the conduct includes a USF student, the Office of Student Rights and Responsibilities will most likely be involved in the adjudication of a Student Code of Conduct violation. Title IX related issues in the Student Code of Conduct are issues that involve sexual misconduct. Please see the code at: http://regulationspolicies.usf.edu/regulations/pdfs/regulation-usf6.0021.pdf

The University works to address policy violations and does not have the authority to legally arrest, charge, or prosecute someone for a policy violation. NOTE: In cases of crimes, when UPD is involved, actions by UPD fall within their role as law enforcement, thus giving UPD the ability to address the crime.

Misconduct by an Employee

If the conduct involves an employee, DIEO will work with Human Resources to adjudicate the matter. This may involve policies that specifically outline expectations for employee conduct.

If you do not wish to report or are uncertain about reporting the incident

Remember, if you do not wish to report the sexual assault, stalking, or other interpersonal crime, USF offers the confidential services of the Center for Victim Advocacy, the Counseling Center, and Student Health Services to you (see Resources, page 15).

You can still access many services including a forensic exam, medical assistance, accommodations, risk assessment, support, injunction for protection, housing, and academic support without filing a report about the crime or incident.
CONFIDENTIAL CAMPUS RESOURCES

Center for Victim Advocacy (CVA)
CVA is staffed by professional victim advocates who are designated Victim Services Practitioners. They are able to provide crisis intervention, ongoing support services, advocacy for academic, financial, housing, conduct, criminal justice or civil justice matters occurring due to crime or abuse, risk assessment and safety planning, accompaniment on and off campus to hearings, court, medical appointments, and other appointments related to victimization and recovery, and offer assistance with completion of documents and forms for filing complaints, applying for State Crime Victims Compensation, and requesting Injunctions for Protection.

usf.edu/advocacy
INTRODUCTION

The University of South Florida System (USF) community strives to provide work and study environments for faculty, staff, students, and visitors that are free of discrimination and sexual misconduct, including sexual harassment. As part of the effort to maintain an environment that is comfortable for all people, the USF System established The Sexual Misconduct/ Sexual Harassment (Including Battery) Policy Number 0-004 (http://regulationspolicies.usf.edu/regulations-and-policies/regulations-policies-procedures.asp).

USF is committed to maintaining a positive working, learning, and living environment and will not tolerate acts of sexual harassment, sexual violence, or related retaliation against or by any employee, student, or visitor. When sexual harassment or sexual violence is brought to the attention of USF, the University will take steps to end the harassment or violence, prevent its reoccurrence, and address its effects.

Title IX is the federal mandate that prohibits sexual harassment and sex-based discrimination in educational programs and/or activities that receive federal funds.

The USF Guide Regarding Sexual Harassment Under Title IX provides an overview of USF’s policy, the complaint, reporting and review process, as well as identified resources available for the involved parties. USF regulations may be found online for Sexual Misconduct/ Sexual Harassment at http://regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-0-004.pdf and for the Student Conduct Code at http://regulationspolicies.usf.edu/regulations/pdfs/regulation-usf6.0021.pdf.

The Guide is meant to be more user friendly and illustrative, however, it is not meant to establish policy; therefore, please refer to current policy whenever necessary. A Title IX official is always ready to assist you by calling (813) 974-4373.

NOTICE OF NONDISCRIMINATION

Pursuant to Title IX, the University does not discriminate on the basis of sex in educational programs or activities that it operates. Such protection extends to both employees and students. Any questions or inquiries concerning the application of Title IX may be referred to the Title IX Coordinator or the Office of Civil Rights (OCR). Title IX administrators and resources can be found on the webpage for the Office of Diversity, Inclusion and Equal Opportunity, located at www.usf.edu/diversity. The University will take steps to prevent the recurrence of harassment, including sexual violence, and to correct any discriminatory effects of harassment.
APPENDIX G
USF Guide Regarding Sexual Harassment Under Title IX

USF Title IX Coordinator

Mr. Cecil Howard, J.D., Associate Vice President and Chief Diversity Officer

4202 E. Fowler Avenue, ALN 172, Tampa, Florida 33620

(813) 974-8615 • howardc@usf.edu

Discrimination and harassment on the basis of race, color, marital status, sex, religion, national origin, disability, age, genetic information, gender identity and expression, sexual orientation, or veteran status are also prohibited (please see USF System Policy Number 0-007, Diversity & Equal Opportunity: Discrimination & Harassment).

WHAT IS SEXUAL HARASSMENT

Sexual Harassment is unwanted verbal, nonverbal and/or physical conduct of a sexual nature, including unwelcome sexual advances, requests for sexual favors, sexual violence (sexual assault and sexual battery), relationship violence, and stalking. A Hostile Environment is created when sexual harassment is sufficiently severe, pervasive or persistent so as to unreasonably interfere with an individual’s work or academic performance, or creates an intimidating or hostile work or educational environment.

The Complainant (or the person commonly known as the “victim”) and the Respondent (or the person deemed to be the alleged “harasser”) can be either a woman or a man and they may be of the same sex. (www.eeoc.gov/laws/types/sexual_harassment.cfm).

Here are examples of situations that might be sexual harassment:

• An instructor suggests that a higher grade be given to a student if the student submits to sexual advances

• A supervisor implicitly or explicitly threatens termination or a poor performance review if a subordinate refuses the supervisor’s sexual advances

• A student repeatedly follows an instructor around campus and sends sexually explicit messages to the instructor’s voicemail, email, or cell phone

• A student, employee, or authorized visitor or campus vendor touches in an unwelcome, sexual manner without consent

• A student, employee, or authorized visitor or campus vendor repeatedly makes unwelcome comments that may be of or have an implicit sexual nature in person,
on the phone, or in any other way

• A student or employee or authorized visitor or campus vendor records a person or others engaged in sexual activity without their consent

• Students in a residence hall repeatedly draw sexually explicit graffiti on the whiteboard on another student’s door

• A student or employee exposes their sexual organs without consent and in an unwelcomed manner

• A vendor serving the campus committee heckles and cat-calls a specific student or students or employee or employees in a persistent and severe manner

• An authorized visitor gropes or touches a student or employee while on campus in an unwelcomed manner without consent

**WHAT ARE CONSENSUAL RELATIONSHIPS AND DOES USF HAVE A POLICY?**

The USF System recognizes that consensual, amorous or sexual relationships between two people of unequal position or power (e.g. between a supervisor and an employee, faculty and student, or staff member and student) may occur. Such relationships may also become exploitative, or lead to charges of sexual harassment, or accusations of a conflict of interest. To address this, the USF System has adopted a policy governing consensual relationships, USF System Policy 1-022-Consensual Relationships, (http://regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-1-022.pdf). The most up-to-date version of that policy should be consulted should this issue arise.

Simply put, it is a violation of USF System policy for faculty, an academic administrator, or employee to engage in an amorous, dating or sexual relationship with an employee or student whom he/she instructs, evaluates, supervises, or advises, or over whom he/she is in a position to exercise authority in any way. The USF System prohibits the exercise of supervisory power by one partner in a consensual relationship when that partner has direct authority over the individual circumstances of the other partner. If such a relationship exists prior to establishing a direct authority relationship, the two people involved are obligated under policy to disclose their relationship. This provides the University the ability to assess the work dynamic and structure and to then make changes as needed to limit or eliminate the supervisor/supervisee reporting chain and/or the power dynamic that may lead to conflict of interest.
WHO CAN BE INVOLVED?

Sexual harassment can involve anyone interacting with the USF campus community, regardless of whether those community members are on campus or off (to include internships, practicums, and sites of Education Abroad), as well as during a USF sponsored event. This includes all USF employees, students, vendors and visitors to campus and/or activities and programs.

LGBTQ STATEMENT

USF strives to promote the safety and well-being of employees and students. The information in this guide is applicable to all students and employees regardless of their sexual orientation, gender identity, or gender expression. Further, the University is dedicated to creating both a diverse and inclusive environment.

FILING A COMPLAINT OR REPORT

Anyone can file a Title IX report to notify the University of alleged violations of the Sexual Misconduct/Sexual Harassment policy (Policy 0-004). The Title IX report form can be found at https://www.usf.edu/diversity/title-ix/reporting.aspx and is often used by Responsible Employees to whom a disclosure has been made.

Note: USF has deemed certain mandated reporter employees as “Responsible Employees” and/or “Campus Security Authorities.” These individuals are not confidential resources and must report what they know about the incident using the Title IX report form. Responsible Employees include employees who supervise other employees or students:

Deans, Directors, Department Chairs, Coordinators, Unit Heads, Managers and Principal Investigators

All faculty (including adjunct faculty) if the report is from a student or if the incident involves a student.

All Athletic Directors, Athletic Coaches, Athletic Trainers, and employees in Athletic Compliance

Resident Assistants and Resident Life Coordinators

Graduate Assistants, Teaching Assistants and Research Assistants

Academic Advisors, Faculty Advisors, Program Advisors and employees who are advisors to officially recognized student organizations

Additionally, USF supports the reporting of sexual harassment by any of its...
community members.

The “complaint” is completed by the person who experienced the alleged harassment and who wishes to pursue action under Title IX.

It is important to remember that the individual making a disclosure of an incident to a Responsible Employee has certain rights. A report does not trigger action by the University unless required by law because the disclosing person is a minor, there is a threat to the overall campus community, or the possibility of a direct threat to an individual or group. What this means in plain language is that the disclosing person has authority and the right to make choices related to the extent to which a disclosure of an incident becomes an official action by the University.

Disclosure

Any individual may make a “disclosure” to the University regarding a matter that might be deemed sexual harassment (or any form of gender-based discrimination). A disclosure can be direct—that is from a person or group to a mandated report—or it may be a third party report—that is, by a person who is disclosing something they observed or were told.

When a mandated reporter receives a disclosure, the mandated reporter is required by statute and by USF policy to “report” all that they have been told or have observed using the Title IX Incident Report Form. This document is received by the Title IX Coordinator and triggers contact with the disclosing individual. A disclosure may lead to an “Information Session,” a meeting between the Title IX administrator and the disclosing individual in which the University provides information related to Title IX, individual rights, procedures, and reviews any related or relevant policies. This session is voluntary, but is often helpful to an individual when making a decision as to what action to pursue. This session is also one step toward the formal complaint process, should an individual make a decision to move forward with formal action, but this session does not obligate a person to move forward.

Note: USF has determined that a disclosure is not a complaint. The University maintains a record of all reports, some of which may become formal complaints, should the disclosing individual chose to pursue the formal complaint process at any time.

Filing A Formal Complaint

If you believe that you are the victim of sexual harassment, USF strongly encourages you to file a formal complaint. USF has a centralized process for receipt of all reports and complaints. That means that no matter where a Title IX related complaint is received, the University’s Title IX Coordinator will have complete oversight and will review and qualify the complaint before it is assigned for formal investigation.
• For complaints in which someone other than a student (Faculty, staff, vendor, visitor, internship site or clinical site) is the Respondent, the complaint will be investigated by the Office of Diversity, Inclusion, and Equal Opportunity (DIEO)

• For complaints in which a student is the Respondent (accused), the complaint will be investigated by the Office of Student Rights and Responsibilities (OSRR)

Complaints will be addressed promptly and will be adjudicated under relevant USF policy and processes by either DIEO or OSRR. The DIEO process can be accessed at https://www.usf.edu/diversity/documents/dieo_complaint_process.pdf. The OSRR process can be accessed at https://www.usf.edu/student-affairs/student-rights-responsibilities/policies/index.aspx.

**Reporting to Police**

You may also file a criminal complaint with the appropriate campus law enforcement agency or other local police department. This type of complaint will initiate a criminal investigation that is outside the purview of the University. USF will not end its action regarding a complaint because the local police department is also investigating. The University will complete its process in addition to what actions are taken by local police in the matter. The Complainant has a right to make a complaint with the University, with the police, or with both departments. Complainants also have the right to not report the incident, should they choose.

**External Reporting Options**

Any person may file an external complaint without fear of retaliation from the University with the following agencies:

• U.S. Equal Employment Opportunity Commission, Tampa, FL  (813) 228-2310, TTY (813) 228-2003

• U.S. Department of Education, Office for Civil Rights, Atlanta, GA  (404) 562-6358, TDY (404) 562-6454

• U.S. Department of Labor, Office of Federal Contract Compliance Programs, Orlando, FL  (407) 648-6181, TTY (877) 889-5627

• Florida Commission on Human Relations, Tallahassee, FL  1-800-342-8170, TDD ASCII 1-800-955-1339; TDD BAUDOT 1-800-955-8771

If you have questions, please visit the websites of these agencies or contact the USF System Title IX Coordinator or the Deputy Coordinator nearest you (see Resources).
Other Ways to Report & Anonymous Reporting

To make a report, an individual may disclose to a Responsible Employee, may walk-in to the DIEO Office located at 4202 E. Fowler Ave, ALN 172, Tampa, FL 33620, may make an appointment with the Title IX Coordinator, may speak to any of the University’s Deputy Coordinators (located throughout campus), or may download and complete the Title IX Incident Report Form found on the DIEO webpage at www.usf.edu/diversity under Title IX. Once a report is received, a US Deputy Title IX Coordinator will reach out to the disclosing party via email to offer resources and an information session. This email will include all relevant policies and procedures.

USF also provides a means for a complaint to be filed anonymously. To file a complaint in this manner you may call EthicsPoint, the USF third party hosted hotline, at (866) 974-8411 or access an anonymous report form online at www.ethicspoint.com. The anonymous report will be forwarded to DIEO. The University will act to address the concern given the information that has been provided in the complaint.

NOTE: Responsible Employees must formally report through use of the Title IX Incident Report and cannot use EthicsPoint or anonymous reporting unless the employee is the complainant who is self-reporting.

CONFIDENTIAL RESOURCES

The only exception to the obligation to report described above applies to those employees or offices deemed to be “confidential resources.” Except for limited circumstances (reports involving minors or imminent danger to a member of the USF community) disclosures made to these resources do not have to be reported to the University. Confidential resources provide a safe place for complainants to explore all their options in order to make the best choice regarding how they wish to proceed. Confidential Resources include:

Center for Victim Advocacy and Violence Prevention

THE TITLE IX PROCESS

If you are a USF employee, student, vendor, or visitor and have been the victim of sexual harassment, sexual violence or other gender-based harassment, it is important that you read the following information. Although not intended to be a comprehensive explanation of your options and rights, this information may be useful to you.

USF also suggests you read the current Guide for Victims of Sexual Assault & Harassment, Domestic, Relationship & Dating Violence, and Stalking available online at www.sa.usf.edu/advocacy/docs/VAVP_Victim_Guide_FINAL_web.pdf.

When a complaint is filed at USF, the Title IX Coordinator or Deputy will review the complaint to provide an appropriate response. This may involve what is known as an inquiry, in which the Coordinator or Deputy consults with relevant parties and/or collects additional information that will be used when considering further action. For example, an inquiry may reveal the need for interim measures, mediation or other alternative remedies (when appropriate), or referral for investigation and adjudication.

Interim measures are put in place to stop any further harassment from occurring while the case is pending, and may include but are not limited to a no contact/
non-retaliation order (NCO), changes in residential housing or academic schedule, and restricting access to certain campus locations. Any adjustments made will be designed to ensure equal access to the educational environment, programs, and curriculum-related activities, while also ensuring a fair and reasonable response to the complaint. If deemed necessary, interim measures may become permanent remedies upon resolution of the case.

Some cases can be handled informally outside the formal investigative process. Others may result in an investigation. **At no time will mediation (a form of informal resolution) be used for cases of sexual violence. Such cases are referred for investigation.**

All Title IX investigations are under the oversight of the USF System Title IX Coordinator, while DIEO and OSRR administrators supervise ongoing investigative actions. USF Investigators are individuals who have received specialized training in Title IX related investigations and obtain yearly ongoing training in Title IX related matters.

**Confidentiality**

Each process provides for a fair and timely review of the complaint and provides both the Complainant and the Respondent a right of appeal. In most cases, information including your name may be shared with the Respondent, witnesses, and with University officials who have a legitimate need to know.

When made aware of sexual violence, USF may have an obligation to proceed with an investigation, regardless of a Complainant’s wishes, in order to ensure campus safety. Complainants are not required to participate if they choose not to; however, this may limit the University’s ability to respond to the incident. If you request that your name or other identifying information not be used in an investigation, USF will consider your request in light of the context of its responsibility to provide a safe and nondiscriminatory environment. Beyond that, USF will take steps to protect your identity and the identity of all individuals involved.

**Complainant and Respondent Rights**

During the process, the Complainant and Respondent may be accompanied by an advisor at any complaint-related meeting. The advisor might be an attorney (but she/he may not act in the capacity of counsel) or any support person of their choosing, including a parent or a victim advocate.

In USF’s process, the Complainant and Respondent are not permitted to directly question each other and are not required to be present together at any point. Both a
Complainant and a Respondent have the right to identify witnesses and provide other information relevant to the investigation.

USF will decide the case based on a “preponderance of the evidence standard” (whether or not it is more likely than not that the conduct occurred). The USF process is an administrative process and not a criminal procedure; therefore, the standard of evidence is different.

In most cases, USF will not wait until a criminal case is resolved before proceeding with its administrative case. In addition, if a University official has a reasonable belief that a crime has been committed, she or he may be obligated to report it to law enforcement, if police have not already been notified (such as in cases involving a minor). In cases where a police investigation has been conducted or is being conducted for sexual assaults/sexual battery, law enforcement may be able to provide information to USF, with the victim’s consent. USF’s fact-finding investigation may be delayed for a short period of time upon a request from law enforcement so as not to interfere with a criminal investigation; however, USF will resume its own investigation as soon as possible. Be aware that a Complainant has the right to report or not to report the incident to the police.

The University will use best efforts to resolve complaints involving sexual violence or sexual harassment within 60 to 120 days. Extenuating circumstances that may extend an investigation include inclement weather (such as hurricanes), the availability and schedules of the complainant, respondent and witnesses, and semester breaks or holidays. Such extensions will be well documented and the University will keep the Complainant and the Respondent advised of the status of the case on an ongoing and reasonable basis.

The Complainant and Respondent will be simultaneously informed of the outcome of the case in writing.

The University offers amnesty to any student who, in the course of disclosing sexual violence, reveals the illegal use of alcohol or drugs. USF notes that the use of alcohol or other drugs never makes an individual at fault for sexual violence.

**RETALIATION**

USF has a policy which prohibits retaliation against any employee or student who reports an incident of alleged sexual harassment or sexual violence, or any employee or student who testifies, assists or participates in a proceeding, investigation or hearing relating to these allegations (see Policy 0-020, Retaliation, Retribution, or Reprisal Prohibited, [http://regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-0-020.pdf](http://regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-0-020.pdf). The Complainant and Respondent are informed of this provision. Any
retaliation should be reported immediately to the Title IX Coordinator.

**EQUAL SUPPORT FOR INVOLVED PARTIES**

If both individuals involved are USF employees and/or students, USF has a duty to work with/support both individuals through the process. Some services, such as those offered by the Center for Victim Advocacy and Violence Prevention are specialized, while other services can be utilized by either the Complainant or Respondent. Often services are also offered to others who may have been impacted by the incident or circumstances.

If an incident reaches the level of interfering with the orderly functions of the University or affecting the safety and wellbeing of the community, USF may deem it necessary to temporarily restrict either or both the Respondent and/or the Complainant from campus until the case can be resolved. This type of measure will be taken only as needed and as warranted.

**GLOSSARY**

**Complainant (Victim)**

A person who is subject to alleged Protected Category discrimination, harassment or related retaliation.

**Confidentiality**

The act of maintaining an individual’s information in a private or discrete manner as related to a complaint and or an investigation.

**Disclosure**

A verbal or written statement by an individual, often made to a Responsible Employee, in which some type of gender-based form of discrimination is declared.

**Hostile Environment**

Unwelcome conduct by an individual(s) against another individual based upon her/his Protected Category that is sufficiently severe or pervasive that it alters the conditions of education or employment and creates an environment that a reasonable person would find intimidating, hostile or offensive.

**Investigator**

Individual(s) who are employees (and in some circumstances, equally trained contracted professionals) and who have received specialized training to complete
comprehensive investigations of violations of policies related to sexual harassment, sexual misconduct, and sexual violence as defined by Title IX and the Violence Against Women Act (VAWA) Reaffirmed 2013.

Office of Diversity, Inclusion, and Equal Opportunity (DIEO)

The office that investigates allegations of discrimination, harassment and related retaliation based upon an individual’s Protected Category when the Respondent is an employee, vendor, visitor, or partner.

Office of Student Rights and Responsibilities (OSRR)

The office that investigates allegations of discrimination, harassment, and related retaliation when the Respondent is a student. This office is also the disciplinary authority for student Respondents.

Preponderance of the Evidence Standard

The standard used in administrative actions involving complaints under Title IX. This evidentiary standard means that the alleged action is “more likely than not” to have occurred and thus is a violation of policy. In lay terms, it is the difference of one feather on the scale tipping the scale.

Policy

Any and all identified and structured rules and regulations administered by the University and/or developed by the University for the purpose of adherence to federal, state, and local statutes, codes, and regulations.

Protected Category

The USF System strives to provide a work and study environment for faculty, staff, students, and veterans that is free from discrimination and harassment on the basis of race, color, marital status, sex, religion, national origin, disability, age, or genetic information, as provided by law. The USF System protects its faculty, staff, students, and veterans from discrimination and harassment based on sexual orientation, as well as gender identity and expression.

Report

A document used by the University as its official means to track disclosures, third party statements, or observed instances of gender-based discrimination. The Title IX Incident Report form is the accepted document for Title IX-based matters.

Support Services
Any and all identified, structured, and relevant services provided by the University for the purpose of assisting, supporting, or otherwise helping a student and/or employee.

**Respondent (Accused)**

A person who is accused of Protected Category discrimination, harassment, or related retaliation.

**Responsible Employee**

An employee who has been deemed to be a non-confidential, mandated reporter of any reported or observed act that falls under Title IX. For the most up-to-date list of positions considered “responsible employees” please refer to Policy 0-004, located at [http://regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-0-004.pdf](http://regulationspolicies.usf.edu/policies-and-procedures/pdfs/policy-0-004.pdf).

**Retaliation**

Retaliation is an individual(s) taking an adverse action against someone because that person has filed a complaint or participated in a protected class investigation. Retaliation is prohibited by **policy 0-004 Sexual Misconduct/Sexual Harassment**.

**Sexual Harassment**

Unwanted verbal, nonverbal and/or physical conduct of a sexual nature, including unwelcome sexual advances, requests for sexual favors, sexual violence (sexual assault and sexual battery), relationship violence, and stalking.

**Supervisor**

A supervisor is anyone who has the authority to hire, promote, discipline, evaluate, grade or direct faculty, staff or students. This includes anyone who manages or supervises others, including, but not limited to faculty, teaching assistants, resident advisors, coaches and anyone who leads, administers, advises or directs University programs.

**Title IX Official**

Individual(s) identified within the University system who are authorized to address incoming complaints from students, employees, vendors, or visitors which fall within the University’s policies for sexual harassment, sexual misconduct, and sexual violence as defined by Title IX and the Violence Against Women Act.
(VAWA) Reaffirmed 2013.

Emergency Situations Protective Actions

Dear Faculty Member: If you are in a classroom with students when an emergency occurs, you are in a position of authority. Students will look to you for direction. We realize that this may be an uncomfortable and uninvited position; however, students who participated in focus groups on emergency preparedness unequivocally stated that they would always look to a faculty member for guidance during an emergency.

Should an emergency occur, please refer to the protective actions on this sheet for guidance. Depending on the type of emergency and its complexity, normal class schedules may be suspended.

**Any Emergency, Call 911!**

**COMMON PROTECTIVE ACTIONS**

- Remain calm and encourage others to do the same.
- If possible, create distance between you and the hazard and warn others as you seek a safe location or evacuate.
- If appropriate for the situation, offer evacuation or relocation assistance to individuals with disabilities. If they choose to remain, encourage them to move to an area of refuge and inform emergency responders of their location(s).
- Once in a safe location, remain in place until given direction by emergency responders and public safety officials.
- If possible, monitor www.usf.edu for updates.

**POWER OUTAGES**

- If possible, turn off and unplug computers and other sensitive equipment.
- Move cautiously to a lighted area. Exit signs will be illuminated if the emergency power is operating.
- Occupants should evacuate buildings and seek alternative shelter when power outages exceed 30 minutes.

**WARNINGS OR SIRENS**

- Follow verbal instructions, messages and alerts.
- If outdoors, seek shelter.
- Shut all doors and windows. Move away from windows.

**SEVERE WEATHER & TORNADOES**

- Move to an interior room on the lowest level of the building.
- Stay away from doors and windows.
- If possible, monitor weather broadcasts.
- Remain in place until the severe weather passes.

**BOMB THREAT or EXPLOSION**

- Evacuate immediately and move away from the hazard. Bring your purses and/or backpacks with you.
- Notify the USF Police Department. Call 911.
- As you evacuate, look around for anything suspicious.
- Do not touch or disturb any objects while evacuating the building.
ACTIVE SHOOTER

- If you cannot safely evacuate because the shooter is in the area, lock the doors and windows if possible, lower the blinds and turn off the lights. Remain out of sight and away from the doors and windows.
- Do not let anyone enter a locked room.
- Have ONE person from the room call 911 to give details and information. Remain quiet and turn cell phones to silent mode.
- Remain in place until authorities give an ALL-CLEAR notification.
- When directed, move with hands open and elevated to show law enforcement you are not a threat.
- If outside, stay alert and take cover behind vehicles, thick walls and trees.

SUSPICIOUS PERSON or ITEM

PERSON

- Do not physically confront the person or block the person’s access to an exit.
- Do not provide unauthorized individuals access into buildings and offices, or allow them to follow you into controlled access areas.
- Call 911 and provide as much information as possible about the person and his or her direction of travel.

ITEM

- Do not touch or disturb the object. Call 911.
- Notify others in the immediate area. Be prepared to evacuate.

HAZARDOUS MATERIALS

- If a hazardous material release poses a danger to building occupants, notify others to leave immediately. Activate the building fire alarm as you evacuate.
- Contact Environmental Health and Safety or the University Police for assistance with clean up of extremely hazardous materials or materials of unknown hazard.
- If you come into contact with hazardous materials, rinse the contaminated area with copious amounts of water. Do not rub the substance if it is on your skin. Seek medical attention.
- Notify emergency personnel if you have been exposed to a hazardous material or have information about the release.
- If directed to SHELTER-IN-PLACE, stay where you are. Close all doors and windows. If possible, try to create a tight seal around door jams and ventilation ducts.

FIRE or SMOKE

- Activate the nearest fire alarm and call 911 if possible. If there are no fire alarms, knock on doors and yell FIRE as you exit the building.
- Evacuate the building during every alarm.
- Do not use elevators! Assist disabled individuals to safe refuge areas.
- Close doors as you leave.
- Feel closed doors with the back of your hand. Do not open if doors are hot.
- Move well away from the building when evacuating.
- Do not re-enter the building until the ALL-CLEAR is issued.

DURING ANY EMERGENCY OR SITUATION...CALL 911!

For additional safety or hazard related information:
USFSP University Police: 727-873-4240
USFSP Safety and Compliance 727-873-4216
Environmental Health and Safety: 813-974-4036
APPENDIX I
Tobacco and Smoke-Free Campus Boundary Map, USF St. Petersburg
HEOA CAMPUS RIGHT TO KNOW FIRE REPORTING FLOWCHART

- Fire alarm activates in Housing
  - USFPD receives and records alarm and then dispatches officer to building
  - Is there a fire?
    - No → USFPD informs Housing of alarm and cause
    - Yes → USFPD calls Fire Department for response
      - Fire Department extinguishes fire and determines cause; coordinates with SFM and EH&S
      - Fire Department provides cause information to USF
      - Housing compiles reporting information, i.e. alarm, cause, injuries, death and cost of damages
      - Each October, Housing compiles fire data for annual report and submits to EH&S for review then USFPD
      - USFPD reports the fire statistics and crime statistics in same format in one report for HEOA compliance
